

DRIVE ON BUCHAREST CONTINUES

Austro-German Invaders Open New Operations, Enabling Them to Capture Additional Ground; Danube Town Taken

Central Powers' Forces Score Successes Along Macedonian Front in Repulsing With Heavy Losses Entente Foe

BERLIN (via wireless to Sayville), Nov. 28.—The Austro-German forces in western Rumania are continuing with success their drive toward Bucharest, the war office announced. New operations have been begun and additional ground has been gained by the invaders. The Bulgarians have captured the important Danube town of Giurgiu, on the railroad south of Bucharest. The Rumanian town of Curtea de Arges, south of Campulung, has been captured. The statement follows:

Front of Archduke Joseph, eastern Transylvanian front: There was an increase in local artillery activity. Several Rumanian reconnoitering detachments were repulsed.

The A. G. I. has been crossed. Further operations have been initiated, beginning with engagements that resulted in substantial successes for us.

Army group of Field Marshal von Mackensen: In Dobrudja there has been moderate fighting activity.

The Danube army has gained ground. Giurgiu was captured yesterday.

Additional details of the success scored by the Germano-Bulgarian forces on the Macedonian front in repulsing with heavy losses to the Russians, Italians, French and Serbians a strong attack made by these entente forces along a wide front on both sides of Monastir are given in today's army headquarters statement. The text reads:

Macedonian front: Violent attacks were between Prejza Lake and the Cerna preceded strong attacks which were launched between Trnovo, northwest of Monastir and Makovo. In the bend of the Cerna and near Grunishto, by the Russians, Italians, French and Serbians against the German-Bulgarian lines. The united attack of the entire troops failed completely.

Under the annihilating effects of our artillery and infantry fire the enemy suffered heavy, sanguinary losses without obtaining the slightest result.

PARIS, Nov. 28.—German and Bulgarian troops on the Macedonian front made four counter-attacks last night in an effort to drive the Serbians from Hill 1050, in the Cerna river region, which was captured yesterday. The war office announced that these attacks failed, with heavy losses.

Stanford Co-Eds Ask for Chivalry

Editorial Writer Tells Men Why

PALO ALTO, Nov. 28.—Five hundred Stanford women spoke to 1500 Stanford men today with the Daily Palo Alto in their mouths. The Daily Palo Alto is the campus newspaper of the campus and today was women's day at the Daily office. The women politely tell the men what they think of them in the following editorial:

Previous Women's Editions have condescendingly aimed remarks at the "old boys" to the men! We don't care to receive such reciprocality of dress comment right away—for he has often proven that real culture lies not in outer adornment, but rather in the growing laxity in the conduct of the forward women that criticism is aimed. Every corner—even on chain day—is not nearly so objectionable as are those men who consistently forget to remove pipe or cigarette when speaking to a woman.

And there are men capable of demonstrating unusual intelligence, doing every day a dozen of things both praiseworthy and interesting, yet to manifest anything above prep school capacity when talking to one of the opposite sex, and they wonder why the Stanford women have "nothing better than the earth" and do much "discussing of the evils of co-education." It is of these self-satisfied humans that we would ask the chance of a few words from the past on which one man judges another.

Your Eyes and Your Work

It is always necessary for one to have work in order to earn his livelihood; but it is more necessary for one to have perfect eyesight in order to be able to OBTAIN work, and, once obtained, to CONTINUE with that work.

Neglected eyesight causes more people to lose positions than the lack of application, for once the eyes are neglected, application becomes close to the impossible. Therefore, remember that your eyes are your greatest business asset. Without them you would probably become a public charge, unable to perform the work upon which you so much depend. Weak eyes no longer enable you to do the work for which your employers pay you. Are your eyes failing you? If so, attend to them now. It is too late, for when they once begin to weaken, they will soon decrease your earning ability, and thereby put you in danger of losing your position.

Mayerle's New Double Vision Glasses correct reading and distance corrections in one lens, making the convenience of changing glasses when you wish to see far or near. No experimenting. Every case is thoroughly and scientifically examined by Mayerle's new and exclusive methods.

Couple Living On \$8 Per Week

Pastor Succeeds So Far in Strictest Economy

LOS ANGELES, Nov. 28.—Rev. and Mrs. Paul J. Goodwin, who were married last spring and set up housekeeping in the parsonage of the Elysian Heights Nazarene church, determined to live within his income of \$8 a week, admitted yesterday that there are "constantly increasing difficulties in the way of carrying out my strict economy, but I am determined to see it through."

The young minister has determined to make his first decisive stroke in battle against the soaring price of flour. He is going to grind his own.

"I have been doing some flouring," said the parson-miller yesterday, "and I find that an inexpensive flour can be procured which will turn the scale so that the flour expense is concerned. We now buy flour at \$1.35 for twenty-five pounds of flour.

I will buy wheat for 2 cents a pound, thus procuring twenty-five pounds for 50 cents. It will be whole wheat flour when I get through with it, but that is said to be very healthful.

And, for that matter, flour thus made can be combined with a small amount of water and still a great saving be effected.

PRICE IS KNOWN.

Every Monday morning the prevailing prices for staples are announced by the government. If the government price is 36 cents for butter the housewife knows she will pay 36 cents for butter without ample warning.

In the United States the housewife reads a quotation of 41 cents for butter and pray all the way downtown next morning that it won't have jumped a nickel a pound over night.

Thanks to our control system housewives in Sydney and other large cities pay about 28 cents a dozen for best eggs.

Can you imagine that a fresh egg here? Not, but there is no legitimate reason why it shouldn't be.

Your American egg barons would like to hit me with some of their storage goods for saying it, no doubt, but the reason eggs are not 28 cents here is that the speculators are holding a pistol to the consumer's head.

PROFIT REASONABLE.

At home we provide a reasonable profit for the producer, one for the wholesaler and one for the retailer and yet sell many articles of food at half and less than half what you pay here.

Our solution of your storage speculation problem seems to me simple. Legislation prohibiting the sale of cold storage products altogether is the solution.

There is plenty of food in all kinds in the United States. The speculators have got dealers and consumers by the throat. They have raised the false cry of "heavy exports on account of the war," and then have boosted prices on that artificial theory. This is a situation that could not exist in New South Wales.

In Australia he believes that a government which does not control prices for the benefit of the people is not living up to its obligations as a democracy.

DEALERS MAY CHAFE.

Can you imagine a two-pound loaf of bread selling in the United States for 7 cents? I think not. Yet that is what the Australian state bakers do.

Take a spool of common thread. In Australia the housewife gets 500 yards for a nickel. The American housewife gets 1000. This is all the more remarkable when you consider that all our cotton must be shipped from England or America, as we grow none.

Of course, many of our dealers chafe under the fair price system, just as they would in the United States, but that doesn't stop the regulation. Here it seems to me, they are permitted to cloud the issue.

Much might be done by the individual states to solve the price regulation problem.

White eggs are reported to be all out of the packers' hands. No white eggs were received this year from Smyrna, and consumers have had to depend on the California supplies. White eggs are exceedingly firm.

New York chievy, the only substance for the Belgian, was advanced to 16 cents a pound. It sold a short time ago for 7 cents. Belgian chievy is unobtainable.

Some of Libby's goods were advanced yesterday, the most important being on plum pudding. The pound time was advanced to \$1.10 a dozen at wholesale.

These good formers would cost 25 cents, but the wholesale price is less than half a cent of that. The two-pound tins were advanced to 36 a dozen, or 50 cents a tin. This is exactly what they formerly paid for in the stores. A retail price of 60 cents is anticipated.

European Buyers Give Big Prices for Eggs

MINNEAPOLIS, Minn., Nov. 28.—European buyers are outbidding Minneapolis buyers for every egg in cold storage. In the city and in Minneapolis competition is fierce. The price of the last storage egg it possesses, resulting in an egg famine of unprecedented severity, dealers said today.

For the last week, one dealer said, exporters had had a standing offer to pay the current wholesale price without any deductions for spoiled eggs for the city's entire storage supply.

The wholesale price for storage eggs in Minneapolis today was 36 cents.

Negro Must Answer for Alleged Crime

O. D. Allen, a negro and former president of the Idio Hour Club at 471 Eighth street, was held to answer to the superior court this morning by Police Judge Mortimer Smith on a charge of rape under \$2000 bonds. The complaining witness was Florian Farman, an 18-year-old inmate of the California Training Home in Alameda, and the matter was brought to the attention of the police by Mrs. Florence Rose, superintendent of the institution.

The mother of the girl, Mrs. Lillian Curtis of Polson City, appeared to testify that her daughter was not yet 18 years old at the time of the alleged crime.

Cornmeal May Solve High Cost of Living

DES MOINES, Ia., Nov. 28.—"Eat corn meal" is the advice of the advice of State Dairy and Food Commissioner W. B. Barney. He says that a pound of cornmeal, costing 3 cents, has a fed value equal to 2.4 quarts of milk costing 18 cents, 2.6 pounds cheese, 24 cents; 1.9 pounds round steak, 41.5 cents; 22 eggs, 61 cents; 17 ounces beans, 14 cents; 17½ ounces honey, 20 cents; 18 oranges, 60 cents, or two loaves white bread, 10 cents.

Established 20 years. Mayerle's eye wares freshens and strengthens the eyes. At druggists, etc., by mail, 65c.

George Mayerle Arrested in London

LONDON, Nov. 28.—Dr. Florin Jones, an American, believed well known in Los Angeles and Pasadena, was arrested today charged with immoral practices. It is expected he will be deported.

PRICE FIXING SOLVES PROBLEM

Patrick Quinn Tells How New South Wales Handles Speculators.

(Continued From Page 1)

high prices in the United States, where there is no regulation, and compare it with the reasonable prices and legitimate profits obtaining in my home country of New South Wales, where food prices are controlled by the government. It is a strong temptation to say "Go thou and do likewise."

PRICE IS KNOWN.

Every Monday morning the prevailing prices for staples are announced by the government. If the government price is 36 cents for butter the housewife knows she will pay 36 cents for butter without ample warning.

In the United States the housewife reads a quotation of 41 cents for butter and pray all the way downtown next morning that it won't have jumped a nickel a pound over night.

Twenty-one Cities of Nation in Survey Now Under Final Examination.

WASHINGTON, Nov. 28.—Consideration of location for the federal farm loan banks is now centered on twenty-one cities, it was learned today. These cities are:

Springfield, Mass.; Columbus, O.; Indianapolis, Ind.; St. Paul, Minn.; Fargo, N. D.; Portland, Ore.; or Spokane, Wash.; Sacramento, Calif.; Denver, Topeka, Kan.; Omaha, Neb.; Columbus, S. C.; Philadelphia or Baltimore; Jacksonville, Fla.; New Orleans, La.; Fort Worth, Tex.; Memphis or Nashville, Tenn.; St. Louis, Mo.; Raleigh, N. C. Possibly Peoria, Ill.

It was stated today that while the board has not yet reached a decision, cities not mentioned will have a small chance to get one of the banks.

In its tour the board traveled 20,000 miles, and held fifty hearings in an effort to get first hand information from farmers.

The board announced today that the testimony indicated that the government's new co-operative banking system, from its inception, will bring a volume of business that will insure its operation at a minimum of cost.

The testimony, according to the board, emphasized the great demand for an agency to lower and equalize interest rates on farm loans and to install long time loans, repayable in small installments through a long period of years. It also showed, the board stated, that farmers have been required to pay exorbitant interest and unreasonable commissions with short loans and that since the farm loan law was enacted interest rates in most parts of the country have been reduced to a marked degree to meet the new co-operative competition.

THOM SAYS ROADS SEE U. S. RULE

WASHINGON, Nov. 28.—Government ownership of railroads will result, Special Attorney Thom told the Congressional committee investigating the whole subject of transportation, unless Congress takes measures to relieve the roads from dual regulation by states and federal government and to remedy other defects now existing.

"Present conditions," Mr. Thom told the Senators and representatives, "cannot continue unless these things are accomplished. In my opinion the time is short between private and government ownership."

Says That Wife Threw Apples at His Head

SAN FRANCISCO, Nov. 28.—Whitney Merrill, Durbinian resident and nephew of Mayor George H. Merrill of Redwood City, yesterday filed an answer and cross-complaint to the divorce action brought by Margaret Merrill in the Superior Court of San Mateo county.

In the cross-complaint Merrill charges his wife with hurling the baby's milk bottle at his head, blackening his eye and breaking down a door when he sought refuge from an assault in which apples and books were the missiles thrown.

The Merills were wedded December 4, 1912. He charges she is living with relatives in Menlo Park and that she deserted their home, taking with her the two children, Marlon and Frank. He denies that he has a regular income of \$1,000 a day, as a principal employee of San Francisco, but states that his wife has a private income of her own.

REPORT DENIED.

BERLIN, by wireless to Sayville, Nov. 28.—The recent report of the bringing down by the Russians of a large Zeppelin airship southeast of Pilsic on the Russian front was officially denied today.

TOM POWERS HAS LICENSE TO MARRY

Man Who Was Acquitted of Murder of Charles Quintel, and Who Later Sued Wife for Divorce, Is to Wed Again

Catherine Downes of Oakland to Be Bride of Irvington Man; Shooting Followed Quarrel in 1913; Reconciliation Made

Thomas J. Powers, attorney of Irvington, who three years ago was acquitted of the murder of Charles Quintel, a deputy coroner, and who later started divorce against his wife, Margaret, only to become reconciled shortly before her death a year ago, will be married this evening to Catherine Downes of Oakland, the couple having taken out license today.

The shooting of Quintel occurred in Irvington in October, 1913. It followed a quarrel between the two men after Mrs. Powers left her home with Quintel and came to Oakland. During the trial of her husband Mrs. Powers failed to appear in the proceedings. In September, 1914, she started suit for divorce but the decree never was made final, the couple remaining at San Jose. They had one child, Thomas J. Powers Jr., 10 years of age.

Powers is well known throughout the county, having at one time held a judgeship in Washington township. He is 46 years of age while his prospective wife is 34.

President Changes Cabinet Meeting Hour

WASHINGTON, Nov. 28.—President Wilson changed a long-time custom today when he decided that for the present the meeting hour of his cabinet hereafter would be 2:30 a.m.

Teutonic Naval Raiders Sink Ship

Squadron Makes Dash on Lowestoft

BERLIN, Nov. 28.—German sea raiders near Lowestoft sank an enemy vessel, captured its crew and returned safely, an official statement declared today.

The German naval squadron which made the raid returned without sighting any enemy vessels except the "watching ship" which was sunk, and whose crew was taken prisoner.

JORDAN CERTIFIES ELECTION RETURNS

Secretary of State Decides Not to Wait for Desired Corrections.

SACRAMENTO, Nov. 28.—Final certification to the election of Democratic presidential electors in California was made at the office of Secretary of State Frank C. Jordan at 11:09 o'clock last night. Frank H. Cory, Jordan's chief deputy, made the certification and delivered the official returns to Martin C. Madson, executive secretary to Governor Johnson, who received the figures at 11:33 o'clock.

It was pointed out that in cases such as arose in Orange and Yuba counties with regard to this election, power to ascertain the facts of the matter apparently is not vested in any one.

Returns from the two precincts where the election tangle came to light are expected to arrive at the secretary of state's office today. Supplementary certification then will be made as to those figures, in order that the provisions of the law may be met to the most minute particular.

Instead of 11 a.m. every Tuesday and Friday, the change was decided upon so the President will have his mornings on those days for other engagements.

WOMAN PLAYS HER PART IN THE NEWS

Must Explain How Prisoner Ended Life

VANCOUVER, B. C., Nov. 28.—Constable Broughton of Bella Coola is on his way to Victoria today to explain to the authorities how an Indian was permitted to commit suicide while in his custody. The prisoner was being brought down aboard the steamer Camosun, which arrived here this morning, to serve a sentence for selling liquor. While on deck last night he suddenly elbowed an apparently inoffensive Indian, who lost his balance and fell overboard. Broughton and members of the crew chivied the Indian around the ship. Cornered on the upper deck, the prisoner jumped overboard and was drowned. Neither body was recovered.

Council Told Odor Drove Tenant Out

Alleging that the value of her property has been depreciated by the presence of a quantity of "lampblack," or carbon fuel, dumped by Abraham Davis, a fuel dealer, on his premises at 525 Market street, Mrs. J. Wessolo, of 529 Market street, made a tearful appeal to the City Council this morning for relief from the nuisance.

Mrs. Wessolo complained that

Davis had piled twenty tons of the

fuel between his stable and a cottage

owned by her, and that a tenant who

had moved away after five years,

had moved away after a con-

sequence. She said that the odors emanating from the pile is offensive

and similar to the offal from a gas

Dean Barrows to Talk at Association Dinner

Dr. David P. Barrows, dean of the faculty of the University of California, will be the principal speaker at the annual Thanksgiving dinner for dormitory men to be given at the Young Men's Christian Association headquarters tonight. The dinner will be in the nature of an old-fashioned round table affair and will be followed by the dedication of the new dormitory club room. Vice-President Robert Robertson, former president of the Merchants' Exchange, will officiate. The evening's entertainment will close with a musical program.

said, had caused her serious financial embarrassment.

The matter was referred to the city health officer for investigation.

The White House

SAN FRANCISCO

TOMORROW (Wednesday)

The Last End-of-the-Month

1/2 OFF SALE

Before Christmas

The one day in all the month when the White House emphasizes to a marked degree its great merchandising possibilities for all.

Coming at a time when Holiday buying is in full progress, the whole store reflecting the spirit of the Holidays, (and with merchandising conditions such that plentiful stocks are at a premium) this Half Off Day stands out brilliantly.

Nearly all the departments in the establishment contribute to the success of the day.

Remember that prices are for tomorrow ONLY and while most of the merchandise comes from the regular stock, these End-of-the-Month Sales have grown to such an extent that many lines of new goods are now purchased at great price concessions and are included in this sale. These new goods are sold at 1/2 OFF from what similar merchandise is regularly marked, and the price, if any left, doubles on the day following the sale in exactly the same manner as the goods in regular stock.

It will be found profitable to read every item hereunder and to act upon the impulse to buy inspired by the savings.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

Give Fruit Laxative When Cross, Bilious, Feverish or Constipated.

"California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or mucky complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and putrefactions, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter-pound of limestone phosphate at the drug store, which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal treatment. We must remember that inside cleanliness is more important than outside because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.—Advertisement.

ACHING TEETH RELIEVED AT HOME

Sloan's Liniment Robs Toothache of its Terrors; Pain Vanishes in a Few Minutes.

No need to pace the floor all night with the agony of a throbbing tooth. Sloan's Liniment will quickly relieve the pain and give you rest.

A single application and the pain usually disappears. Sloan's Liniment gets right to the root of the trouble. Like a warming balm it relieves congestion, and in a few minutes toothache is reduced.

To soothe the throb of a tooth that pains you needlessly, apply Sloan's Liniment externally. Aching muscles, rheumatism, gout, bruises, sprains, lumbago, chilblains, sprains and stiff neck can also be most effectively treated with Sloan's Liniment. Cleaner than messy plasters or poultices.

Sloan's Liniment at all drug stores in 25c, 50c and \$1.00 bottles.

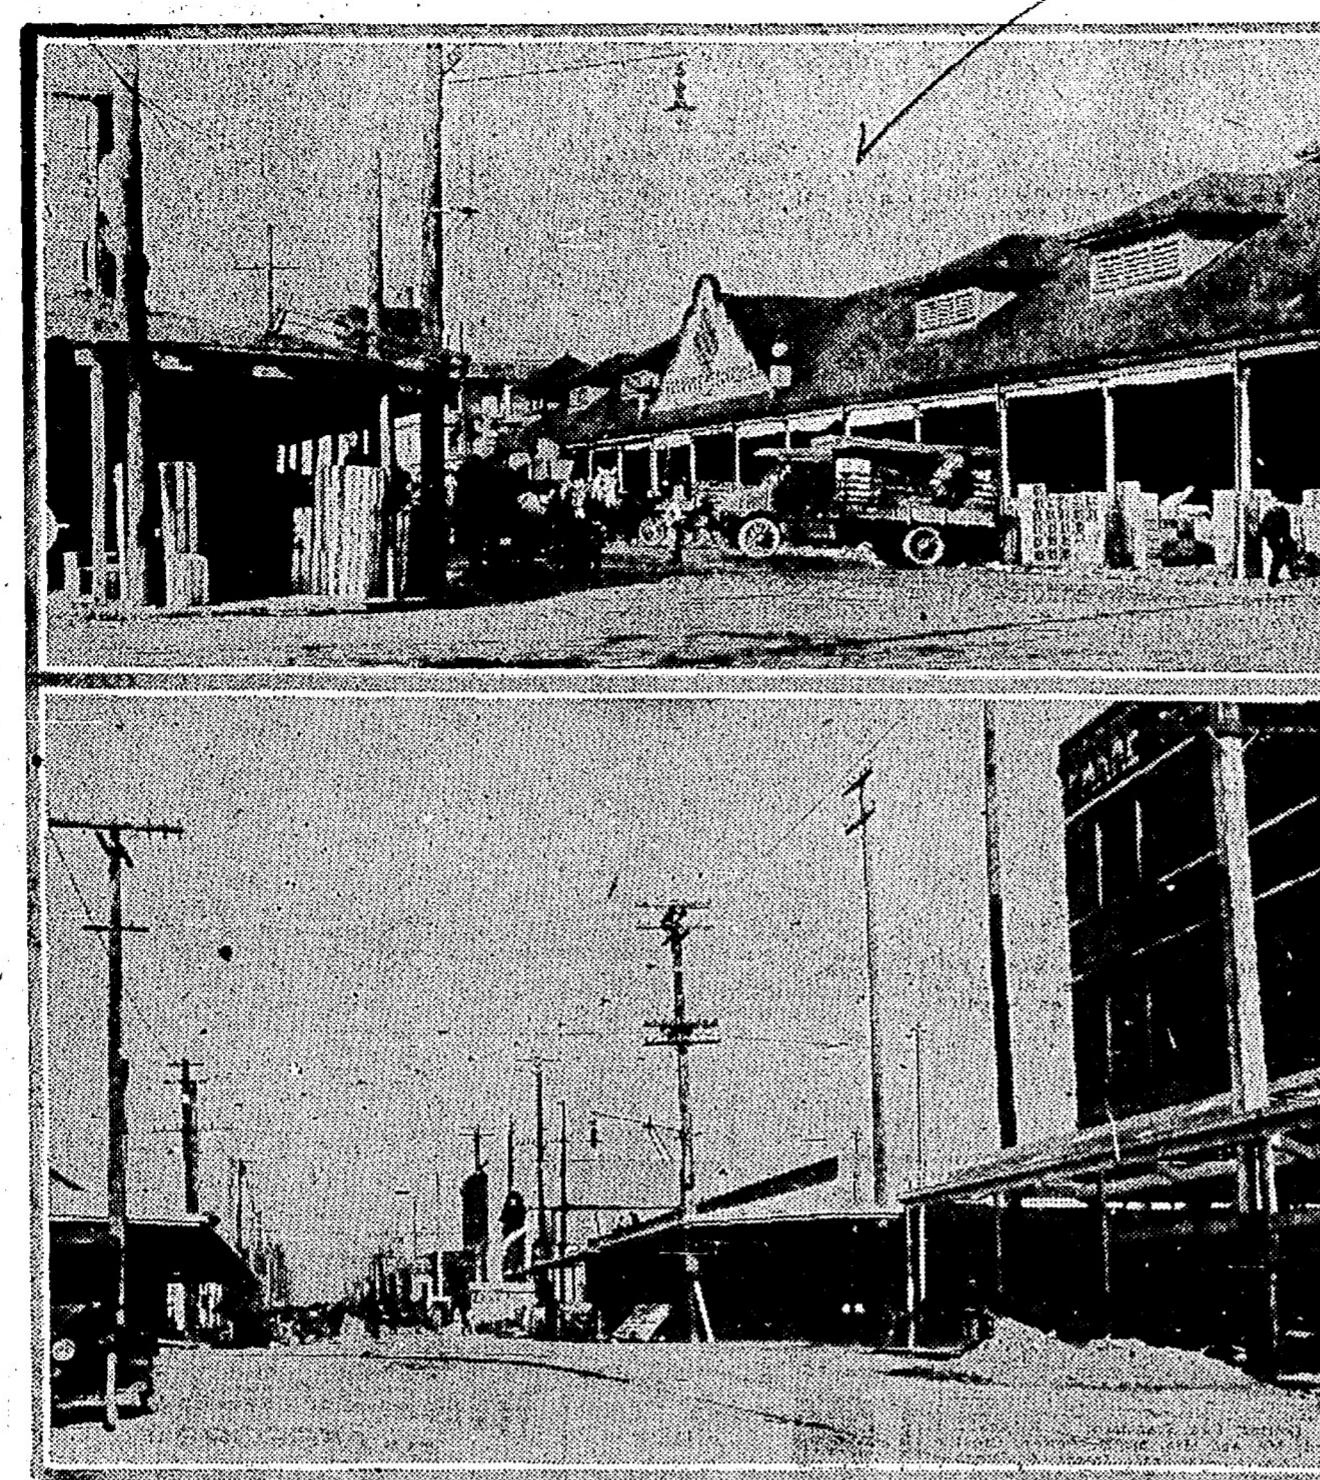

Sloan's Liniment KILLS PAIN

Nervous Periodical Headaches

This trouble commonly called "stick headache" is due to retention of urea in the system. Often it is due to a poor condition of the blood is a cause of these headaches, or, then it is a nervous condition, and in certain cases, no doubt this is true.

Where treatment is demanded, it is more for the pain than anything else, and Dr. Frank Griffiths of Louisville has found anti-urea tablets, "Urolite," a most satisfactory relief. Rest should be insisted upon," he says, "and the patient should go to bed, darken the room, and the atmosphere should be as quiet as possible. An enema will sometimes shorten the attack. The bowels should be kept open with "Acetadol"; a hot bath and a strong rubdown with a towel will often give grateful relief. Two anti-urea tablets when the first signs appear, will usually prevent the attack. During an attack, one tablet will relieve the usual nausea and vomiting." These tablets may be obtained at all drugstores. Ask for "A-K" tablets. They are unsuited for nervous headaches, neuralgia and all pains.

Celebration to Mark Opening Of New Commission Market

SCENES IN OLD AND NEW WHOLESALE PRODUCE MARKET DISTRICT. LOWER PICTURE SHOWS THE DISTRICT IN LOWER FRANKLIN STREET WHERE CELEBRATION IS TO MARK OPENING. UPPER PICTURE SHOWS OLD MARKET AT TWELFTH AND WEBSTER STREETS.

Downtown Association and Business Men Will Co-operate.

Plans for the holding of a big celebration to inaugurate the completion of the new produce market in lower Franklin street and adjacent streets are being made by local produce men with the assistance of the downtown association.

According to present indications the new market buildings, covering nearly a block frontages, will be ready for occupancy on December 11. The celebration, as tentatively planned by the committee, would be held on the previous Saturday night, December 9.

A parade, followed by a dance at the Auditorium, will be included among the features of the occasion. The new market buildings will be brilliantly lighted for inspection by the public and it is believed that large crowds will be attracted to the district that has been accepted by wholesalers as the location of future wholesale business houses in Oakland.

That the public is not generally ac-

quainted with the advantages offered by the location has been pointed out by real estate men who are in touch with conditions. The district has the facilities of rail and water transportation being traversed by both the Southern Pacific and the Western Electric main lines, which reach out into the produce country. Also the district is contiguous to the inner Oakland harbor, where for many years river steamers have unloaded fruit and vegetables from Sacramento and San Joaquin valley points.

With the removal of the produce market from its present site in the block bounded by Eleventh, Twelfth, Webster and Harrison streets, with adjoining blocks, interest has been renewed in the new location on the Oakland waterfront district. It is for the purpose of acquainting the public at large with the advantages of this location that the celebration is being planned for the opening of the new market.

The public is not generally ac-

Paper Mill May End High Cost Problem

SANTA ROSA, Nov. 28.—The high cost of print paper problem may be met by the North of the Bay Counties Press Association by the purchase of a paper mill.

This was the principal business transacted by the association's meeting here, according to an announcement. It was pointed out that publishers in the organization were compelled to pay \$7 a ton for ton lots of paper and \$6 for carload lots. They believe the ownership of their own mill will solve the problem. An adjourned meeting of the association will be held in San Francisco December 8, when the California State Press Association meets.

Homer Wood of Petaluma, was elected president of the association; W. J. Boyd of Sausalito, vice-president, and J. E. Olmsted of Petaluma, secretary.

Masons Only to Be Tagged for Benefit

Only members of the Blue Lodge in Masonry are expected to make tag day contributions Thursday when the order conducts a county campaign for the old People's Masonic Home at Decoto and the Children's Masonic Home, in Covina, Los Angeles county. Alameda county's work is only a portion of efforts being made to raise \$1,000,000 in equipment fund for the two Masonic institutions.

The tag day is held in accordance with the decision of the Grand Lodge of Masonry, recently held in San Francisco, whereby the move for funds, to be collected from members of the order only, was given official sanction of the state body.

Express Messengers Go After Fortune

SEWARD, Alaska, Nov. 28.—Robert Griffiths and C. Haley, express messengers, passed through Seward today for interior camps to bring out gold shipments. They expect to return here on their way to Seattle in five weeks with at least \$1,000,000 in gold dust. Many operators in the Iditarod and Inook districts recently completed their season's work and reached here today with gold shipments that they are taking to Seattle.

Steamer Breaking Up Under Force of Waves

EUREKA, Nov. 28.—The housing of the wrecked steamer Bear was carried away by the pounding of heavy seas during the last few days, according to reports from the scenes of the wreck off Cape Mendocino today.

Watchers on the shore expected the vessel to break up under the force of the huge combers, which broke entirely over her. But the Bear held firm, although the buckling of the hull appeared to be increasing. The sea had moderated considerably this morning.

Canada to Establish Panama Service

OTTAWA, Ont., Nov. 28.—The government announced the establishment of a state-owned steamship line between Canadian Atlantic and Pacific ports via the Panama Canal. There being no tonnage available, two vessels will be built in British Columbia for which tenders will be called at once.

The service will be under the control of the department of railways and canals.

CONGRESS HAS MUCH WORK TO DO

Session Beginning on December 5 Will Be Confronted by Mass of Routine Legislation and by Administration Bills

Republicans Say They Do Not Believe Everything Can Be Squeezed Into Allotted Space "and Are Willing to Wait"

WASHINGTON, Nov. 28.—Congress must burn the midnight oil prodigiously if it would finish its labors on schedule at noon March 4, in the opinion of many early Congressional arrivals today.

The mere routine will consume a long while, leaving but little for the railroad labor legislation, food emergency questions and other major legislation destined to make the closing days of the sixty-fourth session notable.

Republicans frankly say they do not believe everything can be squeezed into the allotted space and they are willing that much shall hang fire, since, they argue, they will have more power in the Congress that begins December, 1917.

Leaders estimated that virtually thirteen weeks will be consumed in arm's, navy and other regular yearly and "regular special" appropriation bills. This will leave a scant month for other measures of wide importance.

If the Supreme Court erases the Adamson bill from the statute books, Congress expects presentation of another eight-hour law. There are additions to it contemplated, at any rate, and the compulsory investigation bill, now striking bill will be a storm center.

The big sensational scrap of the whole session, however, will come from the food embargo measures, if these are pressed as now planned. A row equaling or surpassing that over the McLemore armed ship bill is anticipated.

Measures designed to permit formation of exporters' trusts, as a post-war protective step, will also feature the session—if there is time for everything.

East Oakland Clubs Boost Naval Site

San Leandro bay was favored as the ideal site for a naval base at yesterday's meeting of the United Improvement Clubs east of Lake Merritt. A special committee of the East Oakland federation, headed by George Ingraham, will attend tonight's mass meeting at the Oakland city hall and present the advantages of San Leandro bay.

A unanimous resolution to the effect was passed following an address made by Dr. Walliser of the Alameda County Civic Association, who, after describing the various sites offered, urged that the civic bodies of the east Bay cities take concerted action in recommending particular sites to the commissioners sent to the Pacific coast and experts in San Francisco at the end of this week.

In the ensuing debate about the sites proposed it was clearly demonstrated that the delegates, to the United Improvement Clubs considered San Leandro bay as the best location for the new naval base, as it is close to two continental railways, power and water supplies, and seems to have certain strategic advantages over other sites along the eastern shore of San Francisco bay.

Star Harvard Guard Victim of Explosion

NEWARK, N. J., Nov. 28.—The body of Stanley B. Pennock, star guard on the 1914 Harvard football team, killed yesterday in an explosion at the plant of the Aromatic Chemical Company, of which he was head of the others, was claimed here to-day by his mother. Pennock's identity as the football man was not learned here until today.

AT ONCE! STOPS INDIGESTION, GAS, STOMACH MISERY

"Pape's Diapessin" Makes Sick, Sour, Upset Stomachs Feel Fine.

Neutralizes Acids in Stomach, Starts Digestion and Gives Relief.

If you had some Diapessin handy and could take a little now your stomach distress or indigestion would vanish in 5 minutes and you'd feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

Ask your pharmacist for a 50-cent case of Pape's Diapessin and take a little just as soon as you feel there will be no sour risings, no belches of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapessin instantly regulates out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any druggist waiting for you.

These large 50-cent cases contain more than sufficient to thoroughly overcome any case of dyspepsia, indigestion, or any other stomach disturbance.—Advertisement.

Sophie Tucker in Song Sings Way to Stage Fame

SOPHIE TUCKER.

Just As Shakespeare Said, "The Song's the Thing," Says Star.

The man who makes the wheels go round in the machinery of the theater is the song-writer, according to Sophie Tucker, ragtime songstress of tried and true at the Orpheum this week with her symphonic band. While he doesn't wear grecian discolored overalls and haunt the mysterious underground confines of the engine room, the song-writer is just as much the engine as the man who makes the wheels go round. If Miss Tucker's viewpoint is to be accepted, incidentally Sophie Tucker will give \$500 for any song from an Oakland writer that she can find fit to use.

Miss Tucker's recognition of the worth of the song-writer at least has the merit of novelty. Singers from time immemorial have confided to interviewers that they could make up almost an infinite number of songs until Miss Tucker appeared on the horizon; there has been nobody to shout the praises of the man who gives birth to the song, rhythm and the music. Even the publishers seem to be getting the spotlight. If, by the way, they don't get it, the public advertisements relating with much gusto to their wares do—boobing songs.

"I have no patience with those singers who lay claim to having made this or that song famous," said Miss Tucker, the other day. "More often the song has been written and sold, but the egoism prohibits the author's credit when credit is due. Many actors have been made by just one song from which the author has received but little recognition. I have come to the conclusion that the singer got all the glory and his name in the incidents."

"While it is true that much depends upon the singer's method of delivery and interpretation, still, so far as the footlights after all the song's the thing, just as Shakespeare said the play was. It is also true that a good song writer does not make an artist for the records, but the record artist, for the records, may have proved during his career that he can sing a certain number of songs that will fit your requirements."

"As I can't dance, can't emote, have no ambition to play Camille, never saw Bernhardt and always cordially envied those who could sing a song, I have to content myself with singing songs and recognizing my limitations. I conceal all that I can do."

King Will Combat High Cost of Living

NEW YORK, Nov. 28.—A memorial service for the Chinese of the Messiah for Mrs. Inez Mithian Botsevain has been announced by the Congressional Union for Woman Suffrage. Plans have been made for a public funeral in New York, but the family has not yet consented. Present plans call for a private funeral and burial.

The turkeys are the finest in the land, according to King, and were raised especially for his use by a Lake county rancher, a follower of the Hebrew comedian. They represent but one item in the big list of presents to be awarded the patrons of the Tenth-street playhouse, but are best adapted to a thorough enjoyment of Thanksgiving. Other items are fifty-pound sacks of flour, dolls, potatoes, suetcups and articles useful and ornamental in all homes.

It is really my way of giving my friends who attend the theater a little "Thanksgiving treat," said King this afternoon. "And I feel that no Thanksgiving celebration is complete without a turkey dinner. The turkeys will be awarded to the holders of the lucky coupons after each performance of 'The Perfect Woman.'

On Friday night another treat is promised the theatergoers in the regular chorus girls' contest, many special vaudeville features having been arranged by the girls.

Chaloner Allowed to Buy Palatial Auto

NEW YORK, Nov. 28.—To purchase an auto which will have all the comforts of a Pullman car, John Arkinson Chaloner, insane in New York but sane in Virginia, was allowed an increase of \$1000 in his income today in court order. He will now receive \$25,000 a year.

Chaloner said a nervous disorder prevented him from sitting up for any length of time. The auto will enable him to take long rides while reclining.

MILLIONAIRE SUED BY ROGER CORNELL

Col. Lambert Is Charged With "Love Trespass" by Trainer.

JOLIET, Ill., Nov. 28.—Colonel John Lambert, multi-millionaire steel magnate, was sued today by Roger B. Cornell, a physical trainer of James J. Jeffries and other prizefighters and men of wealth, formerly trainer of the San Francisco Olympic Club and the Los Angeles Athletic Club, for \$200,000 damages. Cornell's declaration charges Lambert with "trespass" on the affection of Cornell's former wife, Lillian.

It was further charged that Colonel Lambert, not only characterized the trainer as blackmail, but also retained a detective agency to follow every detail of evidence that can be found. The detective agency already has reported that Cornell is separated from the woman in the suit, and it has been learned that he has married again, within recent weeks.

Colonel Lambert owns an imposing home and a great deal of other real estate at Joliet and a magnificent estate at Pasadena, Cal.

WIFE WORKED IN BATHS.

The alleged intimacy with Colonel Lambert and the former Mrs. Cornell took place, according to the bill, at Pasadena, this year, while Colonel Lambert was wintering there and while Cornell and his wife were in business there.

Colonel Lambert was a rubber in the fashionable Green Hotel, and his wife was a mephostopid there. Colonel Lambert denies that he even met Cornell or Mrs. Cornell.

It is stated that the detectives are curious to know exactly what understanding exists. If any between Cornell and his former wife, her testimony would be needed, if it is supported, for the success of Cornell's suit. The question arising in the minds of the detectives therefore is:

How does Cornell, newly married to another woman, expect to induce his first wife to help him with such a suit—a suit that attacks her own name? The point has emphasized by the report that it was Mrs. Cornell, and not the husband, who obtained the divorce—and that she charged him with intimacy with other women.

LAWYER ATHLETIC.

The suit was filed by Michael A. Kiley, attorney for Cornell—and thereby hangs another strange feature of the case—Kiley, the detectives have reported, was also a bath rubber before he became a lawyer, and he is said to have been at one time "a brilliant student of football" at a California college. He played so well, it is said, that he was given a degree, and afterward he obtained a license to practice law in California. It is not licensed to practice in Illinois. So Kiley is not licensed to practice in Illinois, either.

The principle of the bill was filed on September 18 and the original bill of complaint, filed a month later, asking only \$25,000. Then the attorneys asked and received permission to file an amended bill asking eight times as much.

Entertain Party at Theater Opening

At the opening of the Bishop Playhouse last night, Mr. and Mrs. Harry W. Bishop entertained seventy-five guests at supper, following the premiere performance of Herbert Broadbent's play, "A Tight Fit in the Dark."

The supper was served in the foyer during the course of which many

of the guests, including the hosts, the playwright, the players and the clever people who manipulate the unseen activities of a theater.

Among the guests included many personal friends of Mr. and Mrs. Bishop, Herbert Broadbent, the entire company of players, and the heads of all departments of the theater.

While the tables were being prepared in the foyer, the stage was occupied in the setting for opening.

The affair commemorated two happy events—the premier of a strong play by a Californian and the baptism of a beautiful new playhouse.

Thief Makes Off With 9-Lb. Turkey

—COLUMBUS, N. M., Nov. 28.—Sixteen pounds of dressed turkeys, 2000 pounds of onions, 100 boxes of apples and oranges, 4000 pounds of pine nuts and 7000 pounds of candle wax,以及其他 sundries were shipped south today for Thanksgiving dinners for the troops of the punitive expeditions. Thirty-three motor trucks in command of Captain W. F. Herringshaw, conveyed the cargo. The lead trucks carried muslin streamers bearing in red letters the words "The Turkey Train." Extra guards followed the caravan as it departed for field headquarters.

"I have no patience with those singers who lay claim to having made this or that song famous," said Miss Tucker, the other day. "More often the song has been written and sold, but the egoism prohibits the author's credit when credit is due. Many actors have been made by just one song from which the author has received but little recognition. I have come to the conclusion that the singer got all the glory and his name in the incidents."

"While it is true that much depends upon the singer's method of delivery and interpretation, still, so far as the footlights after all the song's the thing, just as Shakespeare said the play was. It is also true that a good song writer does not make an artist for the records, but the record artist, for the records, may have proved during his career that he can sing a certain number of songs that will fit your requirements."

"As I can't dance, can't emote, have no ambition to play Camille, never saw Bernhardt and always cordially envied those who could sing a song, I have to content myself with singing songs and recognizing my limitations. I conceal all that I can do."

Memorial Service for Mrs. Boissevain, Plan

NEW YORK, Nov. 28.—A memorial service for the Chinese of the Messiah for Mrs. Inez Mithian Botsevain has been announced by the Congressional Union for Woman Suffrage. Plans have been made for a public funeral in New York, but the family has not yet consented. Present plans call for a private funeral and burial.

The turkeys are the finest in the land, according to King, and were raised especially for his use by a Lake county rancher, a follower of the Hebrew comedian. They represent but one item in the big list of presents to be awarded the patrons of the Tenth-street playhouse, but are best adapted to a thorough enjoyment of Thanksgiving. Other items are fifty-pound sacks of flour, dolls, potatoes, suetcups and articles useful and ornamental in all homes.

It is really my way of giving my friends who attend the theater a little "Thanksgiving treat," said King this afternoon. "And I feel that no Thanksgiving celebration is complete without a turkey dinner. The turkeys will be awarded to the holders of the lucky coupons after each performance of 'The Perfect Woman.'

On Friday night another treat is promised the theatergoers in the regular chorus girls' contest, many special vaudeville features having been arranged by the girls.

Chaloner Allowed to Buy Palatial Auto

NEW YORK, Nov. 28.—To purchase an auto which will have all the comforts of a Pullman car, John Arkinson Chaloner, insane in New York but sane in Virginia, was allowed an increase of \$1000 in his income today in court order. He will now receive \$25,000 a year.

Chaloner said a nervous disorder prevented him from sitting up for any length of time. The auto will enable him to take long rides while reclining.

BIG BALL WILL AID HOSPITALS

All Allied Nations Will Be Represented in Novel Affair in New York.

NEW YORK, Nov. 28.—America's greatest single effort on behalf of relief organizations of the Entente Allies will be staged tonight, when the Ten Allies Costume Ball will be given in Madison Square Garden.

Ten boxes will be decorated to represent each of the ten nations of the Allies. In each will be prominent persons of those nations. At 8 o'clock tonight, half will be descended and a spotlight turned on the French box from which Madame Chenal will sing the chorus of the "Marseillaise." Next will come "God Save the King," then the Russian, the Italian, the rest. Finally the light will be directed on a box draped in the Stars and Stripes, and the "Star-Spangled Banner" will be sung. All of the national soloist and a chorus of 2000 will join the chorus of the American anthem.

Among the organizations which will benefit are: The American Ambulance Fund, the British-American War Relief Fund, French Heroes' La Fayette Fund, the American Red Cross, the Ambulance Three Arts Fund, Fund for Crippled and Maimed French Soldiers, the French Red Cross Fund, Refugees in Russia Fund, National Allied Relief Committee, Victory War Relief Committee and the American Fund for French Wounded.

Most prominent of the guests will be Madame Baroness Brandt. She will sit in the French box. Some of the other guests will be Enrico Caruso, Madame Nellie Melba and Madame Lina Cavalieri.

Among the patrons and patronsesses are Mrs. John Chapman, mother of the late Victor Chapman, American killed while flying for France; Mrs. Vincent Astor, Theodore Roosevelt, Miss Edith Tarbell, Howard Bacon, former Ambassador to France; Mrs. E. H. Harriman, Mrs. J. Borden Harriman, Mrs. Charles Dana Gibson, Mrs. Foxhall Keeler, Mrs. Nellie Vanderbilt, Mrs. George W. Vanderbilt, Mrs. Harry Payne Whitney, Governor Morris, Finley Peter Dunne, Mrs. Whitelaw Reid, Gifford Pinchot, Mrs. Anna Belmont, Mrs. O. H. P. Belmont, Mrs. May W. Bourke-White, Lady Alexandra Colebrook, Mrs. Joseph Pulitzer and Alton B. Parker.

An automobile will be awarded to the person wearing the prize costume. Single admission tickets are \$5 and boxes from \$100 to \$500.

Moving pictures will be taken of the hundreds of prominent persons in their gorgeous costumes and will be exhibited at the ball within an hour after taking.

Eleven Jurors in Box to Try Geffene

SAN FRANCISCO, Nov. 28.—With eleven jurors chosen, a new venture was made for tomorrow, when the final jury, with the trial of James Geffene, name of P. Torturini, of B. Villardo in 1905, will be chosen. The trial will then be adjourned to October 1. Attorney Thomas O'Connor for the defendant, declared that he would make an opening statement to the jury immediately after the present trial marked the expiration of the professional jury system in the local courts.

33 Trucks Carry Turkey to Troops

COLUMBUS, N. M., Nov. 28.—Sixteen pounds of dressed turkeys, 2000 pounds of onions, 100 boxes of apples and oranges, 4000 pounds of pine nuts and 7000 pounds of candle wax,以及其他 sundries were shipped south today for Thanksgiving dinners for the troops of the punitive expeditions. Thirty-three motor trucks in command of Captain W. F. Herringshaw, conveyed the cargo. The lead trucks carried muslin streamers bearing in red letters the words "The Turkey Train." Extra guards followed the caravan as it departed for field headquarters.

Steamer Kilburn Not Injured by Bumps

EUREKA, Nov. 28.—The steamer F. A. Kilburn, which hung up twice on the south jetty while entering Eureka harbor yesterday, sailed for San Francisco at 10 o'clock this morning. Speaker at tomorrow's luncheon will be George King, Norman Ellis, Lee Gleean, R. Norling, Henry Mellman, Hugh Kimball, F. H. Woodward, chairman of the Oakland committee, and George B. Furniss, treasurer. All Jovians are expected to be present.

Merced Methodists May Merge Churches

MERCED, Nov. 28.—A tentative plan for the union of the two local churches, representing the Northern and Southern branches of Methodism, which was given to the congregations from both pulpits, suggests that the congregations join together, using the building of one for services, and the other for institutional work, and that one pastor be retained for pulpit services in the other to take charge of social service work.

Woman Fires Shots Because She's Ill

Firing six shots through the ceiling of her room at 1018 Jefferson street at 12:30 o'clock this morning, Kate Moss, 48 years of age, aroused the neighborhood and caused a hurried call to

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, Imitations and "Just-as-good" are but experiments, and endanger the health of Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paragoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other Narcotic substance. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic, all Teething Troubles and Diarrhea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

THE CENTAUR COMPANY, NEW YORK CITY.

\$100,000 Fire Causes Excitement in Chicago

CHICAGO, Nov. 28.—A \$100,000 fire in a crowded manufacturing district here today threatened dozens of buildings when the Hockaday Paint Company's warehouse at 1831 Carroll avenue caught fire. Firemen had a narrow escape when explosions of oil caused one wall to collapse. Spon- taneous combustion is believed to have caused the fire.

The Johnson-Tomek Lumber Company in the same building, and the Hub Electric Company adjoining also suffered small losses. The fire was under control at 8:30 a. m.

Missing Man Had Money and Draft

SAN FRANCISCO, Nov. 28.—Leaving his aged wife's destitute, Robert Frise, 50 years of age, living at 1008½ Buchanan street, has been missing from home for three days, having taken all of his money with him, amounting to \$3000. P. B. Nagle, 642 Market street, reported the case to the police today and search is being made for Frise. The missing man is blind in one eye and paralyzed in his right arm. Five hundred dollars of the money he took was in coin and the remainder in a draft.

So Digestible That Even Babes Thrive Upon It

ASK your doctor what sort of cereal food is best of all for easy and thorough digestion. Answer: A balanced food that is non-constipating, granulated to allow free play of digestive juices, and complete with the natural salines and coarse brane retained. All of these essentials are abundantly provided by

Dr. Jackson's

Roman Meal

Even babies may use it freely (from the eighth month) with greatest benefit to not only their health but their development and growth.

When grains are "refined" the bran, salines and nutritive dark parts are removed. Only the highly starchy white parts are retained. These fine, starchy particles pack and clog the digestive tract, and ferment. The poisons thus produced enter the blood, and you feel the nasty, debilitating sensation due to indigestion and self-poisoning.

Roman Meal prevents indigestion, and helps other foods to digest, too. It is porous because granulated. The digestive juices can reach every particle quickly, thus promoting digestion. The bran also help to bring out the digestive juices. Result: Quick and thorough digestion, no fermentation and no self-poisoning, hence the sense of wellness.

Roman Meal Co., Tacoma (Washington) and Toronto (Canada)

Good Old Home-Made Family Cough Remedy

Much Better than the Ready-Made Kind—Easily and Cheaply Prepared.

Five Arrested on Train Robbery Charge

PURCELL, Okla., Nov. 28.—One woman and four men have been arrested by postoffice officials here in the belief, according to arresting officers, that they are implicated in a scheme for the systematic robbing of trains in Oklahoma and Arizona. The woman is said to have been the object of search by officers since the hold-up of an El Paso and Southwestern train at Apache, Ariz., September this year, which netted \$2,500. Tastes pleasant and never spoils.

This Piney and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes. The line of the throat, chest and bronchial tubes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Piney is a most valuable concentrated compound of genuine Norway pine extract, combined with guaiacum, and has been used for generations to break up severe coughs.

To avoid disappointment, be sure to ask your druggist for "2½ ounces of Piney" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation.

PEACE PLAN NEUTRAL, IS MAINTAINED

Proponents Say Debate by the Nationalists Is Sure Sign of Disinterestedness of Move; Pope Answers Criticism at U. N.

Allies and Central Powers Each Accused of Starting War, He Declares; Says This Is a Proof of Lack o' Influence

While proponents of the nationwide peace movement recently launched in the bay cities are claiming for their standard that the divergence of views held by nationalists of the respective warring factions tends to emphasize the neutrality of the motives behind the campaign, the effort to obtain signatures to the great petition is going on with increased energy.

That each side, the allies and the central powers, are suspected of investigating the movement should prove conclusively that it comes from neither any that it is a mission depending upon this country to be carried through, is the contention of those backing the petition.

DEBATE AT UNIVERSITY.

At the University of California, where heads of departments have entered into open debate over the movement, Professor Arthur U. Pope, who has given his support to the California campaign, replies to the criticism of George Boas, instructor in the English department, who said that "the Kaiser would no doubt join hands with Professor Pope and be the first to sign his petition," that criticism "is good evidence of disinterestedness."

Professor Pope says:

"While we are particularly anxious being suspected of insincerity, we regard the criticisms of our movement, expressed by certain influential Germans, as pretty good evidence of the real disinterestedness of this movement. For if the friends of the allies insist, as some of them have, that the movement is engineered from Berlin, and the Germans see in it the true mark of British plotting, then we furnish the reply to the other."

That America should make some determined effort to bring the warring powers together; that in conjunction with the other neutral nations she should provide a concrete and definite opportunity for the warring powers to discuss their differences; this is not only our right and opportunity, but a tremendous obligation.

If America can do anything whatever toward an early peace that shall, at the same time, be a just peace, with some promise of permanence, we shall spare no effort, and no sacrifice.

It would be deplorable that such a movement should fail of its success through the influence of some of the warring and suffering powers, that would be most immediately benefited by the success of our movement.

School Board Head to Lecture on Italy

Miss Annie Florence Brown, president of the Oakland board of education, will give an illustrated lecture on "Italy" this evening in the auditorium of the Young Women's Christian Association for the Oakland Business Women's Club, a recently formed organization of professional women. This will be one of a series of monthly programs.

Italian singer, illustrative of the lecture will be seen by Dr. Gilbert Graham and mandolin and guitar selections will be rendered by Miss Millie Sherwood and Miss Terese Sherwood. The lecture is open to the

Services Held for Veteran Railroad Man

Funeral services were held today for William D. Sanborn, veteran railroad man, who succumbed to illness Saturday night at his home, 1436 Eighty-ninth avenue.

For thirty-one years Sanborn had been general agent of the Burlington railroad in San Francisco. He had been with the road for forty-seven years. He was 65 years old and a native of Galesburg, Ill. Governor H. M. Markham appointed Sanborn a colonel of the staff and for his successive administrations.

He leaves a daughter, Mrs. D. A. Griffin of San Francisco, a brother, Lake W. Sanborn, and two sisters, Mrs. Mary S. Mitchell and Mrs. Ellen S. Churchill, all of Galesburg.

Five Arrested on Train Robbery Charge

PURCELL, Okla., Nov. 28.—One woman and four men have been arrested by postoffice officials here in the belief, according to arresting officers, that they are implicated in a scheme for the systematic robbing of trains in Oklahoma and Arizona.

The woman is said to have been the object of search by officers since the hold-up of an El Paso and Southwestern train at Apache, Ariz., September this year, which netted \$2,500. Tastes pleasant and never spoils.

This Piney and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes. The line of the throat, chest and bronchial tubes so gently and easily that it is really astonishing.

WILL PLAY WHIST.

For the benefit of St. Elizabeth Church, a whist party will be held at St. Joseph's Sociality gymnasium tonight when a large number of tables are expected to be filled by skilled players. The tournament begins at 8:15 o'clock. The gymnasium is located at 1525 Thirty-fourth street. A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Piney is a most valuable concentrated compound of genuine Norway pine extract, combined with guaiacum, and has been used for generations to break up severe coughs.

To avoid disappointment, be sure to ask your druggist for "2½ ounces of Piney" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation.

The Piney Co., Ft. Wayne, Ind.

MAYR'S WONDERFUL REMEDY FOR STOMACH trouble

ONE DOSE WILL CONVINCE

Gall Stones, Cancer and Ulcers of the Stomach and Intestines, Auto-Intoxication, Yellow Jaundice, Appendicitis and other fatal ailments result from stomach trouble. Thousands of stomach ailments, for which no other remedy has been found, go with this preparation.

For sale by Oceania Drug Stores and druggists everywhere.

Noted Speakers Will Be Heard Before Lodge

JUDGE GEORGE E. SAMUELS.

Big Class Initiation to Be the Feature of B'nai B'rith Meet.

Judge George E. Samuels, past grand president of District No. 4, Independent Order B'nai B'rith, is to be one of the speakers at the celebration of the forty-first anniversary of Oakland Lodge No. 252, O. B. B.

On the occasion a large class of candidates is to be initiated and the present past grand president of the district, Henry Newburgh, of San Francisco, will also address the lodge.

After these two speakers have addressed the lodge and the initiation held, a banquet will be served to the members.

It is expected this will be one of the most enjoyable meetings and the largest from point of attendance held this year.

PROFESSIONAL VIEWS.

While no one is particularly en-

joys being suspected of insincerity,

we regard the criticisms of

our movement, expressed by

certain influential Germans,

as pretty good evidence of the real

disinterestedness of this move-

ment. For if the friends of the

allies insist, as some of them

have, that the movement is engi-

neered from Berlin, and the Ger-

mans see in it the true mark of

British plotting, then we fur-

nish the reply to the other."

That America should make

some determined effort to bring

the warring powers together;

that in conjunction with the other

neutral nations she should pro-

vide a concrete and definite op-

portunity for the warring pow-

ers to discuss their differences;

this is not only our right and

opportunity, but a tremendous ob-

ligation.

If America can do anything

whatever toward an early peace

that shall, at the same time, be a

just peace, with some promise of

permanence, we shall spare no ef-

fort, and no sacrifice.

It would be deplorable that

such a movement should fail of

its success through the influence

of some of the warring and suf-

fering powers, that would be

most immediately benefited by the

success of our movement.

HOOF AND MOUTH DISEASE ALARMS

Herds in Missouri, Kansas and Nebraska Suspected and Embargo Is On.

CHICAGO, Nov. 28.—Facing the possibility of a renewed outbreak of the hoof and mouth disease, livestock men here are awaiting with some anxiety the outcome of the Federal diagnosis of suspected herds in Missouri, Kansas and Nebraska.

Dr. S. E. Bennett, head of the bureau of animal industry in Chicago; Dr. Day, federal veterinarian, and Dr. F. M. McFarlin, an expert in stock diseases, left here last night to investigate suspected cattle in the Kansas City yards today.

Meanwhile, authorities here announced that the precautionary measures taken by Dr. Dyson, state veterinarian of Illinois, prohibiting the shipment to the stock yards of Chicago and East St. Louis, except for immediate slaughter of any cattle, horses, swine or sheep from Kansas, Missouri and Nebraska, will not be relaxed until all possible danger of infection is believed past.

Officials of the Chicago Union Stock Yards and Transit Company asserted also that their embargo order against livestock from all points west of the Missouri river will be effective as long as seems necessary. O. T. Henkle, general manager, said that shipment of cattle for immediate slaughter will continue. He said the embargo is on feeding cattle.

Meanwhile, authorities here announced that the precautionary measures taken by Dr. Dyson, state veterinarian of Illinois, prohibiting the shipment to the stock yards of Chicago and East St. Louis, except for immediate slaughter of any cattle, horses, swine or sheep from Kansas, Missouri and Nebraska, will not be relaxed until all possible danger of infection is believed past.

Price of Roses Will Soar to Record Sum

The "high cost" problem has descended upon lovers of one of nature's rare gifts, American Beauty roses. The high cost price has left the beaten path of the commercial world and swooped down upon the florists. Owners of shops in Oakland and contingent cities circling the bay, admit that the Christmas price of American Beauty roses will be at least \$16 and maybe \$18 a dozen before the year is over. The last figure means \$1.00 each, an unheard-of price in California.

The recent cold spell and the heavy shipments East are blamed for the skyrocket prices. All roses will advance in proportion.

It is said the express companies are running refrigerator cars three times a week carrying California flowers to Chicago.

The florists think local buyers have no kick, though, as New York's Christmas roses will cost from \$25 to \$30 a dozen. Even Los Angeles faces a \$25 market.

NEGROES ROB SPERRY.
SAN FRANCISCO, Nov. 28.—Louis Sperry, Central Avenue, Alameda, was kidnapped by two police today while he was visiting the resort of Louis Gomez on 461 Pacific street, last night, he was held up by two negroes, who relieved him of \$5.50. The police believe the men will be apprehended.

FRIEND TAKES BAG.
SAN FRANCISCO, Nov. 28.—While eating breakfast in a restaurant at 997 Golden Gate avenue this morning, Edward Burns, 1815 Eddy street, became clumsy with another woman sitting at the table, who left first, taking her handbag with her. Mrs. Burns complained to the police that the bag contained money and articles valued at \$353.

TIRES SUICIDE.
SAN FRANCISCO, Nov. 28.—Despondent as the result of continued illness, Mrs. Frankie Berry, 45 years of age and living at 541 Linden street, attempted suicide this morning by taking poison. She was removed to the Central Emergency hospital, where it is reported that she is in a serious condition.

EDWARDSVILLE, Ill., Nov. 28.—Business knew about the wettest spot in Illinois, has been purchased by agents of the Standard Oil Company for a switching yard. A. E. Benbow, who founded the city twelve years ago, has since been its mayor. At one time it had eighty-seven inhabitants and twenty-three saloons.

Prof. Hertzog Praises This Perfect Laxative

Dr. Caldwell's Syrup Pepsin
an Ideal Remedy for Constipation.

In every family there is more or less occasion for a laxative remedy. It is to meet this need that Dr. Caldwell's Syrup Pepsin is prepared, and that this combination of simple laxative herbs with pepsin fulfills its purpose as proven by its place in thousands of American homes.

Prof. F. J. C. Hertzog, the well-known linguist, 2841 North Orleans st., Philadelphia, Pa., wrote to Dr. Caldwell that he has used Dr. Caldwell's Syrup Pepsin in his home with excellent results and that he and his family consider it indeed a friend in need, and always keep a bottle of it on hand.

Constipation is the direct cause of much serious illness and is a condition that should never be neglected. Harsh cathartics and violent purgatives should never be employed to relieve constipation, because the very violence of their action shocks the entire system. A mild laxative, such as Dr. Caldwell's Syrup Pepsin is far preferable, being mild and gentle in its action without griping or other pain or discomfort. Freedom from all opiate or narcotic drugs makes it an ideal remedy for children.

Prof. F. J. C. Hertzog, A.M.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitation and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a fac simile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington st., Monticello, Illinois.

"Jimmy" Case and Take Footwear

SAN FRANCISCO, Nov. 28.—With high-grade footwear threatening to advance as high as \$20 to \$30 a pair, burglars made a good haul last night when they stole eight pairs from a doorway showcase in front of the Sommers & Kaufman establishment, 836 Market street, by "jimmying" the case. The discovery was made at 4 o'clock this morning by patrolmen.

Slayer of Judge Is Guilty of Murder

HUNTSVILLE, Ala., Nov. 28.—George T. Boyer, formerly clerk of Madison county circuit court, on trial here for the murder of Probate Judge William T. Lawler, his political opponent, today was found guilty of first degree murder. The court set January 12 for the hanging. He pleaded self-defense.

SAYS JAPAN IS FRIENDLY TO AMERICA

Oakland Banker, Returning From Orient, Tells of Industrial and Financial Conditions; No Jingoism There

All Citizens Busy, Garthwaite States; Work Plentiful and High Cost of Living Is No Higher; Land Great Garden

W. W. Garthwaite, president of the Oakland Bank of Savings, has returned from a month's tour of Japan, impressed more by the beauties of the little island kingdom, the industry and courtesy of its people, than by any allusion to its military power.

Throughout the land of the Mikado he learned first hand that deference to foreigners is a first consideration of all classes of its people.

Contrary to the general opinion that aggressiveness is the foremost trait of the Japanese, Garthwaite said that he found the people slow, easy-going and unsworn to alter many of their ancient customs.

One thing in particular he observed, was that everyone was at work. There was the atmosphere of aversion to idleness manifested in the application of many hands to labor that in this country is performed by machinery; this in spite of a mechanical and industrial advancement that has marked the Japanese as a progressive nation.

Banker Garthwaite was accompanied on the trip by his wife and daughter. In relating his experiences of the trip he said further:

SCENIC BEAUTY.

One used to the hustle and bustle of everyday life in this country comes away from Japan with a feeling of quietness. The scenic beauty of the country is marvelous. The mountains, the valleys, the foliage and evergreen landscapes are pleasant to the eye and restful to the mind.

Outside of the big cities things move along slowly. There is the ancient ox-cart, the slow-moving animal, the cumbersome vehicle, laboriously moving over time-worn roads; roads, which in the light we speak of them here, are not roads at all; more like paths winding through wonderful gardens. The whole countryside, as it were, is like a great garden, laid out in its little farms and backed by a collection of low-thatched buildings which make up the village.

No matter how small the patch of land may be, it contains artistic decorations, the dwarfed shrubbery, stone images and miniature stone temples, all contributing to the picturesqueness of the land.

In the city shops trade is handled much differently than here. Every shopkeeper is a specialist in his own line. They are painstaking to please and during our four weeks' stay in Japan we were not once taken advantage of in a transaction. Every aid is given to travelers, the people going out of their way to show the stranger about.

There was no indication of ill-feeling toward Americans. If there is such a feeling it is well covered with diplomacy. It is not manifest in the demeanor of the people.

ALL ARE BUSY.

While I did not make any particular effort to investigate industrial conditions, could not help but observe that everyone appeared to be busy. For instance, when our vessel loaded, the coal was carried aboard by a moving chain of coolies each packing a small tray or basket of coal. They went in and out like a stream of ants. I suggested that the job might have been done with greater despatch through the aid of machinery, but was told that there were a great many people in Japan and that they might all be kept busy. That seemed to be the spiritual consideration for the man; it stood out on every hand.

Big Chorus Holding "Messiah" Rehearsal

More than four hundred voices are now in rehearsal for the rendition of Handel's "Messiah," which will be heard at the Oakland Municipal Auditorium on New Year's eve. Accompanying this great chorus and the soloists concerned will be an orchestra of sixty musicians, under the direction of Paul Stelzendorff, according to a report made at a meeting of the Citizens' Festival Committee of Alameda County held in the Hotel Oakland yesterday.

Considerable interest has been shown by the public in the coming concert, which will be Oakland's method of celebrating New Year's eve in addition to the down town celebration. The Citizens' Festival Committee of Alameda County, of which Dr. Joseph Lorran Pease is chairman, evolved this concert celebration as a dignified farewell to 1916 on the ground that New Year's eve falls on Sunday evening. Prominent clergymen of the city have promised their support to this musical celebration.

The program will be divided into three parts—the rendition of "The Messiah"; a concert by Stelzendorff's orchestra; and the final hour to consist of a watch night service, closing on the stroke of midnight.

Socialists Win Special Election in Eureka

EUREKA, Nov. 28.—Socialists won a complete victory in the special charter amendment election held in Eureka yesterday, according to incomplete returns tabulated today. Every measure proposed by the Socialists was carried and all the non-Socialist proposals were defeated. The voters decided to purchase a municipal quarry and defeated a measure to elect councilmen-at-large instead of by wards. A proposal to consolidate certain offices in the street department also was defeated.

ASTHMA SUFFERER

Write today: I will tell you, free of charge, of simple home treatment for asthma which has relieved physicians and cures of climate failure. I am grateful for my present good health after years of suffering, that I want everyone to know of this wonderful treatment. Mrs. Nellie Evans, 555, S-3, Des Moines, Iowa.

Police "Patient" Makes His Escape

Search is being made by the Oakland and San Francisco police, today for Earl McIntosh, who escaped from the detention ward of the Emergency hospital last night while hospital attaches were engaged in attending minor accident cases. McIntosh took advantage of the industry of the resident physician, Dr. H. E. Franck, to slip through a conveniently open door and make his escape.

He was arrested several days ago and lodged in the city jail. When he complained of an internal illness, McIntosh was taken to the Emergency hospital, where he was permitted to remain. His description has been sent to the San Francisco police with a request for his arrest. If he is found across the bay,

Oakland Club Plans Program for Affair

Preparations for an elaborate program to enliven the last regular meeting of this year are being made by the Oakland New Century Club previous to the "Federation" luncheon next Friday at the clubhouse, Third and Peralta streets. Mrs. Edward Dexter Knight, president of the California Federation of Women's Clubs and Mrs. Fisher Clarke, president of the Alameda Club, of the C. P. W. C. will be guests of honor.

The entertainment committee is composed of Mrs. Donald McNaughton, Mrs. Herbert Hauser, Mrs. Harry Welch, Mrs. C. L. Valberg, Mrs. H. Platt and Mrs. Fred L. Hall. Other members of the club are working for the Christmas bazaar to be held on Thursday afternoon, December 6, at the home of the president, Mrs. Robert Watt, 2401 Prostilo Terrace, San Francisco. Proceeds from the bazaar will be used for the settlement work, carried on by the organization.

Robbers Raid House; Remove Bulky Load

MODESTO, Nov. 28.—It must have required a dray to haul away the plunder robbers took from the home of George A. Stoddard, cashier of the First National Bank, during the family's absence in San Francisco last night.

The butler was entirely stripped of silverware, amounting to several hundred dollars. In addition to this all of Mr. Stoddard's clothes were stolen, including four suits of clothes and two overcoats.

In the pocket of one of the overcoats was draft on the First National Bank of San Francisco for \$140.

FIND MAN DEAD.

SAN FRANCISCO, Nov. 28.—Just because B. J. King took both hands off the steering wheel to light a cigarette while his auto sped at a rapid clip, the machine skidded, struck a curb and overturned, fatally injuring King and slightly injuring D. Snyder, his companion. The accident occurred on the Short Line boulevard in Ocean Park Heights.

Olga Steeb Joyous Over New Freedom

SAN BERNARDINO, Nov. 28.—Olga Steeb, California's famous musical prodigy, assumed her married name Mrs. Charles H. Keefer, just long enough to be granted a divorce. "I am very, very happy tonight," said Miss Steeb. "I will never marry again. My life shall give to my music, never to a man."

Lights Cigarette; Is Injured in Accident

LOS ANGELES, Nov. 28.—Just because B. J. King took both hands off the steering wheel to light a cigarette while his auto sped at a rapid clip, the machine skidded, struck a curb and overturned, fatally injuring King and slightly injuring D. Snyder, his companion. The accident occurred on the Short Line boulevard in Ocean Park Heights.

Fourflushing in Business

Is it, or is it not fourflushing, in your mind, when a merchant in the men's clothing business uses expensive tapestry, period furniture, silk plush drapes and other costly fixtures in his show windows? In your judgment is it fourflushing for that merchant to so elaborately outfit his store that it is a "show-place," a "palace," a "magnificent establishment," or whatever flattering name you feel it is entitled to?

Isn't there less fourflushing, less bluff, more square deal playing when merchants like ourselves show you the clothing itself unadorned by outside attractions, without exaggeration of either show or word, without misleading statement or decorative display?

Indoor Life Makes Fat

TRY OIL OF KOREIN TO KEEP WEIGHT DOWN, OR TO REDUCE SUPERFLUOUS FAT.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise, and who practice a sedentary life against over-stamina, are fat acquired by indoor life is unhealthy and dangerous to the vital organs of the body. Lack of exercise and the fresh air is said to weaken the oxygen-carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly expending energy in vain efforts to overcome an excess burden. Any persons who are satisfied in their own mind that they are stout are advised to go to Drug Dept. of Kali, 1215 Market, or to the drugstore at 16th and Webster, or any good drugstore, and get a box of oil of korein capsules, and take one after each meal and one just before retiring. A nice treatment has been reported to show a noticeable reduction in weight, improved digestion and a return of the old energy. Footsteps become lighter and the person loses his portly appearance. As superfluous fat disappears.

Oil of korein is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.

Advertisement.

HOW TO GET RID OF CATARRH, CATARRHAL DEAFNESS OR HEAD NOISES

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if mucus drops in your throat and bowsels you will be glad to know that these distressing symptoms can be entirely overcome in many instances by the following treatment. It is a simple one and can be given in your own home at little cost. Secure from your druggist 1 ounce of Parment (Double Strength). This will not cost you more than 75c. Take this home and mix it with 1/2 cupful of granulated sugar; stir until dissolved. Take one tablespoonful four times a day. A decided improvement is sometimes noticed after the first day's treatment. Brighten the complexion, while the distressing head noises, headache, dullness, cloudy thinking, etc., gradually disappear under the tonic action of the treatment. Loss of appetite and digestive power are other symptoms which suggest the presence of catarrh and which are often overcome by this efficacious treatment. The nose, nostrils, perineum and rectum are said to be directly caused by catarrh, therefore, there must be many people whose hearing can be restored by this simple home treatment. Oakwood Bros. supply you. Advertisement.

TUESDAY, NOVEMBER 28, 1916.

THE FUTURE OF SHIPBUILDING.

American shipbuilding is going on in greater volume than at any other period in the history of this country. Figures compiled by the Department of Commerce up to November 1, show that there are now under construction 417 vessels of a gross tonnage of 1,479,946 tons. During the month of October American yards finished seventeen steel merchant vessels of 52,491 gross tons, and made new contracts for seventeen steel merchant vessels of 77,877 gross tons. Shipbuilders expect to have launched during the current fiscal year 314 vessels of 960,899 tons. Contracts now being executed call for the launching of 118 vessels of 519,047 gross tons during the fiscal year ending June 30, 1918.

In the prosperity resulting from this unprecedented merchant shipbuilding, Oakland enjoys a large share. The Union Iron Works, which has a plant on this side of the bay, is second on the list of American shipyards, with twenty-eight vessels to be built. These will have a gross tonnage of 175,028 tons and nearly all will be launched before July 1, next. The Moore & Scott company of Oakland has seven vessels under construction. Of these, three of 15,000 tons are to be launched before June 30, 1917, and four of 20,600 tons during the following twelve months. Other local plants, such as the Hanlon Shipbuilding Company, have contracts which will keep them busy for the next two or three years.

The question is frequently raised as to how long this boom in shipbuilding will continue. Perhaps the persons best qualified to make a prediction are the builders themselves. They are speaking through their activities and through their policies for the future. All of the large shipbuilding companies are making extensions to their plants and new concerns are being established. This involves the investment of large sums of capital which would not be done if the builders believed the demand for new merchant ships only temporary. The inference to be drawn is that the builders believe that their resources and capacity will be taxed for several years after the end of the European war.

Faith in the continued prosperity of some of the great industries of this country is not confined to the shipbuilding business. Mr. Charles M. Schwab, head of the Bethlehem Steel Company, and who is interested in several shipyards, in a speech in Philadelphia last week, expressed the belief that the steel business was just as far from its zenith today as it was when the United States Steel Corporation was organized fifteen years ago. "When the war is over," he said, "there will be a reduction in the demand for ammunition steel, and there will be some recessions in steel prices generally, but the domestic demands for steel rails, for building and other purposes, only await a more normal condition of trade to press forward for prompt satisfaction."

Mr. Schwab also stated that the building and construction program of the Bethlehem Steel Company, of which the Union Iron Works is a subsidiary corporation, involves the expenditure of \$100,000,000—the largest single construction program undertaken ever entered upon by a single industrial corporation. These plans for extensions of present facilities are not due to the demands of war. They are based upon the confidence that normal peace requirements after the war will be greater than ever before. The same sort of faith pervades the shipbuilding world. While it will take a year or so of construction for all of the world's shipyards to replace the tonnage destroyed in the war, the hope for permanent prosperity in this industry rests upon greater activity than ever in maritime commerce. If the hopes for a great future in American shipbuilding are fulfilled, Oakland and the east bay district are strategically prepared to capture and retain a big share of it.

MRS. BOISSEVAIN.

To the feminist movement, the death of Mrs. Inez Milholland Boissevain brings a distinct loss. She was one of the most courageous and impressive exponents of the "new woman" in this country. Differing from many other women, Mrs. Boissevain became a champion of the "independence of women" as a matter of intellectual choice and not through force of circumstances.

She was admirably equipped to direct her activities along more conventional lines. The daughter of a wealthy New York family, she was educated in New York, London and Berlin. Personally charming and beautiful, she was prepared to play her expected role in "society." Subsequently she received the degree of bachelor of arts from Vassar college and of bachelor of law from the University of New York. Her independence of thought and conduct was mostly original with her. Rather than being a disciple of the European feminist leaders she was their colleague.

The debt womanhood owes to Mrs. Boissevain is not

confined exclusively to the feminist cult. She did much effective work in the interest of womankind generally. Perhaps she contributed more than anyone else to the successful outcome of the laundry and garment workers' strike in New York in 1912. But while lending her efforts to specific social and industrial fights in behalf of women, Mrs. Boissevain preferred most to take part in political action. She was an ardent suffragist, a socialist, a member of the Political Equality League, the Woman's Political Union, the Woman's Social and Political Union of England and of the National Child Labor Commission.

Mrs. Boissevain was perhaps best known for her connection with the equal suffrage movement, but she will be remembered also for her enthusiastic and unselfish interest in behalf of greater opportunity and better conditions generally for her sex.

SENATOR HADJI BUTU.

Senator Hadji Butu in the Philippine legislature stands for the great advancement among the Filipino people since the American occupation. Senator Butu is not the only sign to be observed in Manila at present, but he is typical of many of his colleagues. He hails from the Moro country. Two other delegates of the wild tribes, one an Igorot and the other an Ifugao, are also there. From the province of Luzon come a half dozen native representatives of the people in the government of the Philippines under the revised powers voted at the last session of Congress.

Hadji Butu and his non-Christian colleagues in the Legislature and the tribes they represent, stepped out of savagery only yesterday. Some of the bloodiest deeds in Philippine history are connected with their names. Formerly their only claim to fame was their skill in hunting heads. Datu Piang, a fellow-tribesman of Butu, now a member of the lower house, was famous in the days of the American occupation of Mindanao. In the last days of Spanish rule he transferred his hostility to the Americans and held sway in an almost impregnable mountain district from which many murderous raids were organized.

It is claimed for these men that they have reformed and become convinced of the benevolent intention of the United States; that they are converted to the wisdom and virtue of the American governmental system as applied to them and their fellow Filipinos, and that they will work loyally to promote the American system in the islands. If they do this they should be forgiven, as they will be, all of their savage past.

The people in general have small faith in government investigations or inquiry into things that are not going right, and consequently are not palpitating with hope that anything that will afford relief is likely to come of this "probing" into the high cost of living. But it ought not to be so.

A government investigation ought to be so prompt and thorough that its conclusions could be relied upon to serve for guidance by whoever should be looked to for a corrective. One trouble is that investigations are so deliberate. It takes an unconscionable time for the investigating body to fall to work, and then there seems to be too long a hiatus between the end of hearings and the report as to conclusions. Right or wrong, there is a feeling that much of the boost in prices is unnecessary. If it could be determined promptly whether this is so, a great service would be rendered, and it really seems that it might. Such a report, for instance, as that seventy-five million dozen eggs are in storage while eggs are 60 cents a dozen, ought to be susceptible to an impromptu "probe."

The car shortage, it is feared, will prove serious to the citrus industry. This is a class of freight that cannot wait. It has to be marketed at the time when it is in greatest demand. The requisition for cars seems to greatly exceed the supply. This is largely due to the increased shipment overland, on account of the high ocean freights and the absence of water facilities. Also, it is likely that the situation is not adequately met by the purchase of sufficient rolling stock, because railroads are proceeding on a more cautious policy than formerly. Recent legislation has resulted in caution and uncertainty on the part of railway directors. In some states they have to get permission from a commission to expend money for equipment, or indeed for anything else. That sort of thing may have operated to restrict outlays that would have met the situation. It will be serious if California's orange crop is not got to market in time to enable growers to profit by the very remunerative prices that prevail.

The many freak accidents that are occurring and the prompt efforts to realize from them through the Accident Commission suggests an industry that is growing and that may be difficult to curb. When we recall the many instances where attempts have been made—some of them successfully—to beat life insurance companies by pretended deaths and the supplying of substitute corpses, we realize that this modified field offers great opportunity in this direction. It is something that will have to be successfully met if the effort to relieve honest misfortune through accident benefits works out in the way intended.

From the magnifying of slight injuries to the simulation of injury is a slight step, and we may expect this "industry" to become more acute. There will be developed experts, who will make it a business to put through claims, acquiring skill from experience.

Although the industrial development on this side of the bay has been remarkable, it promises now to receive an additional momentum. The announced purpose of the Southern Pacific Company to bulkhead and fill and otherwise improve the half-mile of waterfront on the estuary west from Webster street means the establishment there of many industries. There is no more advantageous location anywhere about the bay. Perhaps it means another immense shipbuilding plant!

Recent reports of sermons by Billy Sunday go beyond anything heretofore made public. Notwithstanding his radical departure from orthodox pulpit utterances he seems to have a great following; to cause multitudes of sinners to repent and "hit the trail," and to collect unusual sums of money. But he employs a vocabulary that will never be understood in Heaven.

NOTES and COMMENT

New York gives about fourteen millions a year for charity. We do not need to be reminded what charity covers, but from this it would seem to require a big wad.

The King City Rustler tells of a surprise: "Miss Delta Schoenberg, who has been staying in Oakland for the past two months, surprised her family Sunday by a trip home. She came in a machine with her aunt and two cousins, the Merills."

The University of California instructor who, when asked what Senator-elect Johnson's duties will be, replied that they were to "help the President," evidently guessed at it. But he is entitled to the contention that his guess is as good as anybody's.

The Boston Transcript can't seem to get over the result and the figure that California cuts in it: "Perusal of the California returns leads to the sad what-might-have-been conclusion that Hiram should have been running for Vice-President instead of Senator.

How it strikes the Santa Ana Plader: "Every time we pick up a paper from Oakland we notice they are laying the keel for a new ship or else are launching one just completed. Our Southern California shipyards and capitalists might gain a valuable idea or two by a visit upstairs."

Reflection as to city managers, from the Chico Enterprise: "The prediction that Professor Reed would not long hold his job in San Jose as city manager seems to be coming true. His offense is that of bringing in outsiders to fill good jobs. Why is a city manager, anyhow?"

Somewhat pointed observation by the Rio Vista News: "Some day the truth will come out as to who the Judas was in the Republican party who delivered the votes to Wilson. Just now one faction is accusing the other, but it is certain that the old-line Republicans never voted for Wilson."

The high price of paper is responsible for many untoward things. A dispute over a sack of it led to a fight out in Berkeley, with the result that one of the participants got his brain concussed, and the other got arrested. The fate of the precious cause does not appear to have been determined, after all.

Sad refrain from the Gustine Standard: "Today Grandma Gardner is giving one of those old-fashioned dinners for which she has so long been famous. Fried chicken, cream cake, good gravy, salads; oh, too many good things to even think about, and the pleasant company that will be there, and the grind of work will not let us attend when we want to so bad."

The New York Herald ventures a suggestion as to the California result as follows: "Since Hiram Johnson received a majority of 260,000 in a state that defeated the head of his ticket by more than 3000, it is greatly to be feared that the United States Senator-elect will have rather a difficult time explaining to the skeptic that he talked as much through the party megaphone as through his own."

Direct from the firing line, via the Vallejo Times: "Jimmie West, the little crackerjack from Oakland, had little to say following his battle with Orchards Thursday evening. I tried to tell those boys in my corner to pipe down and let it go at that, but what can a fellow do when they persist in crabbing? The decision was rendered. It lost me the fight, but it was final, that's all. I'll get the sailor again."

The way the Vallejo Times looks at it: "If Jack London had lacked that little spark of genius; if he had owned a 40-acre ranch in Sonoma and farmed it with his hands and feet instead of his head; if he had earned \$1000 a year as a rancher instead of forty or fifty times that sum as a writer; if he had pored over the Farmers' Monthly Hog Magazine occasionally—and skeptically—he might have lived to be as old as Francis Joseph."

SPIRIT OF THE STATE PRESS

Beginning Monday, the duty on seed cotton coming from Lower California into the United States will be \$50.50, American gold. The former duty was \$21 a ton on cotton seed. The duty itself was raised to \$50 and the recently added municipal tax brought the total to \$50.50. The order was later modified by being cut in two but that also is prohibited.

The first of the new torpedo-boat destroyer plans are expected to arrive within three months. The craft will carry a heavy battery and will have an unusually large cruising radius for vessels of their class. They will be capable of making a speed of at least 35 knots.—Vallejo News.

The destroyer Paul Jones has gone to San Pedro to await the arrival of the naval base board. On her return she will be docked, in company with the Whipple, Stewart and Preble, and after the vessels are placed in first-class condition they will proceed to the Puget Sound yard to report to Rear-Admiral Fullam.—Vallejo News.

A despatch from Paris announces the discovery by Professor Perrier of the Academy of Sciences of a red fish that eats mosquitoes. He stated that malarial and other fever-carrying mosquitoes are being wiped out in Madagascar, where the streams are being stocked with the fish.—Avant Islander.

The Spreckels Sugar Company is to erect a \$2,000,000 refinery at Manzanita in the heart of the south San Joaquin Irrigation district, before next season. Land-owners have signed contracts to plant 7000 acres to sugar beets.—Farmer Progress.

The people of the city of Coalville voted almost unanimously to bond the city for a water system, at an estimated cost of \$100,000. By their vote they showed the necessity in this community, not so much for a reduction of the rates, but for a great deal more water under the minimum meter rate.—Coalville Oil Record.

The quest of a wife I forsook; Then into my life entered Nancy, The genius who knew how to cook! Dorothy Harpur O'Neill in New York Sun.

Speaking of unpreparedness, here is Christmas marching on and we haven't a torpedo in the arsenal.—Philadelphia Telegraph.

MR. TURKEY'S DREAM.

DARFUR:

The rebellion in Darfur, the most westerly state of the Anglo-Egyptian Sudan, which was recently suppressed by British troops, has attracted the attention of the world to a section of Africa that up to the closing years of the eighteenth century had never been visited by a white traveler. The National Geographic Society, in a war geography bulletin, gives some interesting data concerning this land, which has an area about equal to that of the state of Montana, but with a population almost twice as large as the American commonwealth. The bulletins says:

"It was more than a quarter of a century ago that Germany and Italy recognized the state of Darfur, south of Egypt, as within the sphere of British influence, and twenty years ago it was made a part of the Anglo-Egyptian Sudan, but the internal affairs of the region were left to the administration of the sultan, Ali Dinar, who a few days ago was killed by a British force of 300 men sent out to quell the rebellion which this ruler had fomented for several months.

"Darfur, which derives its name (House of Furs) from the negro tribe of Furs, comprising more than half of its population of 750,000, was for many years famous for the slaves which it furnished to Egypt and the western world, an annual caravan being organized to carry the human chattels, together with ivory, gum and ostrich feathers to Assuit, 250 miles south of Cairo.

"Darfur is traversed from northeast to southwest by a range of volcanic mountains, while the eastern and western edges of the land are sandy and non-productive. There are numerous fertile valleys in the mountainous section, however, where cotton and tobacco are indigenous, and where considerable wheat is grown. Cattle raising has been the chief occupation of the natives, however, since the abolition of the slave traffic. The chief exports of the country continue to be feathers, ivory and gums.

"The capital of Darfur is El Fasher, a town of 10,000 inhabitants situated about 500 miles southwest of Khartum. It was founded by Abdur-Rahman and is, in the main, a collection of straw huts, although there are one or two buildings of some size, including the sultan's residence."

PITY THE POOR PUBLISHER! Ink, like everything else, has soared in price owing to the war. Ink used by newspapers is of low grade. Its normal price is 5 cents a pound. Now sells for 8 cents—an advance of 60 per cent. The better grades of printers' ink have advanced proportionately.

The rollers of the printing presses are made of a combination of molasses, glycerine and other materials. They have advanced 100 per cent in price.

Lithotype metal out of which the type is cast, and also from which the plates are made for the printing of newspapers, formerly cost from 5 to 6 cents a pound. Today the price is from 10 to 12 cents.

Sundries such as cleaning fluid for the washing of type, brushes for stereotyping use and even the cotton waste for the pressmen to wipe their hands on have advanced from 100 to 250 per cent.

No one knows more about the high cost of living than the printer.—New York Mail.

FROM COURT TO KITCHEN. Doris delighted in tennis. Poetry's slave was Estelle. Dancing to Maud was a menace. The stage over Sue cast a spell.

Mannish, in boots, swaggered Cora. Mystery stalked after Helle. Luring, with dimples, was Flora. While glacial was haughty Adele.

None of them suited my fancy.

The quest of a wife I forsook;

Then into my life entered Nancy,

OAKLAND, CALIFORNIA, TUESDAY EVENING, NOVEMBER 28, 1916.

SPIRITUALISTS SEEK SOUL OF JACK LONDON

Expect Spirit to "Find Self" and Communicate With the World; Author Had Delved in Psychics and Had Read Cult

Los Angeles Mystics Await "Word" From Dead Author, As It Was "Received" From W. T. Stead, After Wreck

Expectation that the departed soul of Jack London will stretch forth its hands from the spirit world in an effort to communicate with friends, and former associates on earth, has impelled spiritualists, both here and in other parts of the state, to attempt to set up a connecting link with the astral domain, for the reception of the message.

This action is impelled by reason of researches which London is said to have made into the occult, and writings which he had among his possessions which told of excursions into the astral and the unseen. Believing him to have a highly developed soul of more than ordinary power of occultism, efforts are being made to secure a manifestation of his wishes through psychic means.

Dr. B. F. Austin, pastor of a Los Angeles spiritualistic church, has declared that he expects to hear that Jack London has communicated with some member of his congregation by next Sunday. If such communications are not made, Dr. Austin, "who is firm in his belief of London's desire," declares he will attempt to secure some word from across the shadowy border.

CANNOT "FIND SELF."

Other spiritualists disagree with Dr. Austin, saying that it is too soon for London to send back word to the world of his lifetime. Their theory is that the noted writer cannot "find himself" while in the period of his sojourn in the spirit world. Still other contend that even if a spirit finds itself, it requires time to acquire power to return to this world and communicate through the medium of vibration or clairvoyance.

Dr. J. M. Peebles, honorary member of the British Society for Psychical Research and world messenger of large for the National Association of Spiritualists and was issued a statement in Los Angeles regarding the possibilities of communication from this world with the spirit of Jack London. Peebles is a physician, author, lecturer, and former United States Consul in Turkey and is recognized as one of the foremost proponents of spirituality in the world. He is noted for her daring.

Oakland to Furnish Aeroplane for Bird-Girl to Fly Across Continent

KATHERINE STINSON, WHO WILD FLY ACROSS UNITED STATES IN OAKLAND MADE AEROPLANE.

Miss Katherine Stinson Will Essay Daring Trip in New Aeroplane

That she will essay a transcontinental flight in an aeroplane now being built for her in Oakland, upon her return from a tour of the Orient where she is to receive \$50,000 for thirty flights, was announced by Miss Katherine Stinson, the 19-year-old loop-the-loop girl, before sailing Saturday on the Nippon Maru.

Miss Stinson has been flying for the last four years, gaining a wide reputation as an aviator. While away she will visit Honolulu, Manila, Japan and China.

She is noted for her daring.

Hippodrome—Jim Post.

Sonoma Will Honor Memory of London

SONOMA, Nov. 23.—In respect to the memory of their late neighbor and friend, Jack London, residents of this valley and town, part of which is the "valley of the Moon" of which London wrote so affectionately, are expected to lay aside their ordinary pursuits December 4. A proclamation issued by Mayor William von Hecht requests all business houses to close their doors on that date from 1 o'clock to 1:15 p.m.

It is also suggested that a London Memorial Day be observed as a yearly event.

NEW JERSEY TOTAL.

TRENTON, N. J., Nov. 28.—The state board of canvassers today officially promulgated figures of the recent election. The vote was: Republican 268,982, Democratic 211,018.

WOMAN LAYS NEW CLAIM TO TREASURE

Is Daughter of Old Settler; Says Cache Found by Son of Judge Was Stolen From Grandmother; Willing to Split

Mrs. A. Silviera of Benicia and Mother in Fruitvale Cast Light on Queer Discovery of Youth; Story Tells Old Crime

As an aftermath to the famous Martinez "treasure trove" case, in which 10-year-old George McKenzie, son of Superior Judge A. B. McKenzie of Contra Costa county, was awarded \$500 in nuggets and coins which he dug out of a hillside, has come a new claim for the sum, a claim in which a story of an almost forgotten robbery fifty years ago is related. The boy found the money on the ranch of Mrs. Sarah Rankin and was awarded it by Judge Latimer after Mrs. Rankin had put it to a claim.

Mrs. A. C. Silviera of Benicia, stating that she read in THE TRIBUNE the decision of the court to the effect that George might keep his treasure unless the rightful owner established claim, has written him that the money belonged to her grandmother, Antonia Welsh de Garrido, now deceased, from whom it was stolen fifty years ago.

OFFERS TO DIVIDE.

That the treasure would now rightfully belong to the writer's mother, Mrs. Guadalupe Welsh de Castro of Fruitvale, who claimed together with the tentative step of splitting fifty-fifty with the youthful finder.

The letter, received by young George McKenzie, which for the first time throws tangible light upon the mystery of the treasure, follows:

BENICIA, Nov. 22, 1916.

Master George McKenzie—Dear Sir: Upon reading the Oakland TRIBUNE, dated November 16, 1916, have read of a treasure trove held by finder in which you were interested.

I can not yet find the owner.

Please tell your son to apply to you who that owner is. She is my grandma, deceased, Antonia Welsh de Garrido. About fifty

or more years ago this treasure was stolen from her, nuggets and twenties in gold pieces, by a working man she had, named Chorin, a nickname he had. She often spoke of the nuggets and money they had stolen from her, when we stayed with her at Walnut Creek.

French play by Alameda High School pupils in school auditorium, evening. Melrose Heights Mothers' Club gives dance, Fremont High School, evening. Ladies of St. John's Episcopal Church held bazaar.

Membership meeting luncheon of the Chamber of Commerce, Hotel Oakland, 12:30.

Commerce Members to Attend Searles' Rites

Two hundred members of the Chamber of Commerce will attend the funeral of Dennis Searles, Oakland financier, who was killed Saturday night when his machine plunged off the Boulder Creek highway. Resolutions of condolence were adopted at a special meeting of the organization held at the Hotel Oakland. A copy of the resolutions were sent to Mrs. Searles today.

The Lincoln Highway committee of the Chamber of Commerce of which Searles was chairman, when it held a huge formal pep rally in the form of the Lincoln Highway sign of red, white and blue stripes, with a large "L" in the center.

NIELS NEILSON SAFETY.

SEATTLE, Nov. 28.—A despatch received by the naval radio station at Tatoosh said that the Niels Neilson was in no danger and that the coast guard cutter Shoshone would reach the disabled ship today.

They hunted and dug for it, but never got the right place where he buried it. Of course they plowed the ground and that made it worse. So I am perfectly sure that's the real treasure.

My mother, I think, is entitled to it, as she is the only daughter survived. I think she will be.

HUNTED FOR CACHE.

Jail Air Spoils Occult Powers 'Blessed Handkerchief' Loses Influence

LOS ANGELES, Nov. 28.—An evil influence permeating the atmosphere of the Los Angeles county jail destroyed the efficacy of the Schlatter-Schrader "blessed handkerchief." Thus, when August Schrader, his "royal highness," formerly of Los Angeles and Oakland, went forth into the world again after executing bond for his appearance in the United States District Court here for trial on a charge of using the mails in furtherance of a conspiracy to defraud, he carried with him a great delight. The "spell" which was visited upon him in the county penal institution here is of such a malignant character that he cannot "trow it off." That is why the "blessed handkerchief," applied by himself and Schlatter on to many of the "faithful" has failed to rescue Schrader from the throes of an illness, which has resulted in a postponement of the extradition proceedings against the cult leaders before a United States commissioner at Buffalo, N. Y.

Postoffice Inspector Walter M. Cookson, who was returned to Los Angeles from Buffalo, where he had been on duty, brought here the detailed story of this very curious prediction of Schlatter's Cookson, who gathered the evidence in this city which resulted in the indictment of Schlatter and Schrader, together with a Lieutenant known as Gus Algard, remained in Buffalo long enough to testify before the commission. Then Schrader developed a sudden illness and asked for a postponement of the proceedings which might result in an immediate removal of the men to Los Angeles for trial.

The plea for a postponement was made by Schlatter. He declared that his companion was too ill to attend. Then the court questioned Schlatter concerning the workings of the blessed handkerchief, asking him "why" in view of the fact that the "blessed handkerchief" method had, as alleged, effected such astonishing and miraculous cures on others, it had not been successfully invoked in the case of his companion. Then Schlatter told of the wonderful transformation effected by the evil spell of the Los Angeles county jail.

GETS STATE JOB.

SACRAMENTO, Nov. 28.—Dr. Howard Wright of San Francisco today appointed assistant physician at the Stockton state hospital. Salary, \$1,800 a year and maintenance.

willing to divide with you George.

SIXTY-FIVE

MRS. JOHN GRIFFIN (Veronica McDermott), who has been entertaining at various informal affairs at her new home in East Piedmont Heights.

One of the most elaborate affairs of the coming month is that for which Mrs. Edward Lacey Brayton has sent out cards, claiming her guests at the Claremont Country Club. The afternoon of Friday, December 13, has been set aside for the luncheon, while the whole friends from both sides of the bay and down the peninsula at perhaps the last big function before Christmas. Mrs. Brayton is making Mrs. Edward Rickard's inspiration for the same affair. Mrs. Rickard is being feted on an extensive scale, her return from a several years' residence in London bringing much admiration to her friends, who have been eager to show her whatever social favor they could during her indefinite sojourn. Mrs. Rickard is the house guest of Mrs. George McNeal, with whom she made her home previous to her marriage.

It was a Thanksgiving luncheon at which Mrs. Bessie Sedgwick Dargle honored Lady Hesketh this afternoon, entertainers at the luncheon being in San Francisco. Quite informally the old friends met to talk over the times when they were school girls together. With the exception of the hostess' daughter, Miss Mary, now twenty, the guests grew up to young adulthood together in those delightful days of the earlier California. The luncheon was an informal luncheon. Covers were laid for Lady Hesketh, Mrs. Dargle, Mrs. Andrew McCarthy, Miss Flora Sedgwick, Miss Robert Wood and Mrs. Bronte Atkins.

Lady Hesketh is an interesting woman as well as an interested one and since making her home abroad had won many adherents. Those who know her as a young girl are enthusiastic over her added charm and dashness. Clouds of beautiful silvery hair add to her personal loveliness. Then, of course, she dresses with exquisite taste, albeit most simply.

It is an interesting bit of personal history to know that Lady Hesketh's home here, though very well known, was the bride's at the wedding of a man whose wife was a young Englishwoman.

It has been good news for the Thanksgiving hostess, Mrs. Maywenn Thomas is rapidly recovering her health and will again be able to resume her place among her friends in a brief while. Mrs. Thomas has been ill since the midsummer, suffering from a series of operations which have been a great tax on her strength. However, she is improving so greatly that her family and friends find in the fact a matter of deep interest.

With Miss Clarisse Lohso as the inspiration, Mrs. Frank Hunt Proctor gave a most appropriate bridge luncheon this afternoon, assembling a congenial group of close friends at her Vernon Heights residence. Miss Lohso, since the announcement of her betrothal, has been a source of the many social affairs of the month. Her wedding to Alfred Ghirardelli will be an event of the early spring.

Major Sydney Cleman and Mrs. Cleman are again domiciled at the St. Francis, where their son, the indefatigable Sydney, has gone to California. These delightful people have made a host of friends and Mrs. Cleman has perhaps been one of the most extensively feted in the course of the winter on both sides of the bay. She and her husband have been recently in Nogales... They arrived on Saturday in San Francisco. Miss Nathalie Campbell, who has been with them throughout the winter, stopped in Los Angeles before joining her aunt and uncle here.

There was nothing which has brought such keen sorrow to the parent except that day the drug store and Mrs. Beartles have been identified with the social life in Oakland and Fremont, and so many young women are hospitably opened, that their interest was never lost even when they decided to take up their residence in San Francisco. The dear ones cast a wide net over the gathering of that congenial coterie of which both Mrs. Cleman and her wife were leaders. Many messages of sympathy are finding their way to the widow and her little daughter.

A wedding of interest to friends in Oakland was that which recently took place at the Walla Walla, Wash., when Miss Elizabeth Leonard became the wife of Bishop E. B. Babcock. The new home is to be established in Forest, Idaho, where the bridegroom is interested in mining.

Three hundred guests enjoyed the brilliant ball given by Mr. and Mrs. Pendleton at their home in San Francisco last evening. Assisting the hostess in the receiving party were her nieces, Miss Gladys Sullivan and Mrs. Pendleton Lawrence Murphy. Among the distinguished guests were Senator Phelan, Mr. and Mrs. William McAdoo, Senator and Mrs. Walsh of Montana, Senator and Mrs. Tammie of Oregon.

After the holidays Miss Phelan is planning to leave for Washington, D. C., to join her brother for a season in the national capital.

A dancing party is being planned by Mr. and Mrs. H. T. Harpur at the Claremont Country Club in honor of their young son, Perrian Harper, for the evening of Friday, December 13. About 100 friends will be invited to the invitation.

Mrs. Seward Shinn gave a prettily arranged tea this afternoon at her home in Oakdale avenue, sharing her hospitality with a hundred of the girls and matrons of the younger set.

Mrs. Seward Shinn gave a prettily arranged tea this afternoon at her home in Oakdale avenue, sharing her hospitality with a hundred of the girls and matrons of the younger set.

Tomorrow the Thanksgiving sale which has been in progress for two days, will be continued at 613 Thirtieth street, with hunting and afternoons offering a happy innovation, under the direction of the Women's Guild of St. John's Episcopal Church. A large number of socially prominent women are included in the membership of this interesting church.

Mr. and Mrs. John Plus are turning their thoughts toward California and it will not be long before they are welcomed to their Piedmont home. Since the early fall they have been in New York, enjoying the delights of the early season there.

This afternoon Miss Elsa Kroeger entertained a congenial coterie of friends at her home in Vernon Heights, the ingredients being both coffee and dainty tea. This group of close friends are meeting frequently, their latest interest being the planning of a Christmas party for a score of little children.

Miss Annie Miller was a luncheon hostess this afternoon, asking her guests

to meet Mrs. Thomas Clay Watson, who is receiving so royal a welcome from her old friends.

Friends of Mrs. Harold Havens will be glad to learn of her convalescence after a serious operation. Mrs. Havens has been ill for some weeks but the attention of a wide circle of acquaintances, who have filled her home with flowers and gifts of the season, have helped to pass the weary time of returning health.

The first of the Monday evening informal will take place next week at the Home Club, with a large number of the members and their friends anticipated, the members desiring to club. The Home Club, realizing the "break" which the holidays make in the affairs of the smart set, have planned the series of open dances for the pleasure of themselves and guests.

All Shinn is directing the delightful affairs which will be very smart. A number of the club this winter have arranged individual dinners as a means of becoming members so the Home Club is but following the precedent of Bell and the Twentieth Century Clubs.

Tonight Mr. and Mrs. Walton Moore open the balcony of their handsome Piedmont home to a coterie of friends who are asked especially to dance, although supper will round out the delightful evening. In several weeks a few intimate friends will be gathered in the newest dances, under instruction, using the Moore residence as the rallying center. The party tonight will include this group, with a few additional guests.

To Favor No One Naval Base Site

East Bay Will Act in Harmony; to Collect Data and Work for Entire East Shore; Many Attend Big Meeting

Berkeley Delegation Visits in Oakland; Richmond and San Leandro Men Are Present; to Meet Again This Evening

That no particular naval base site be recommended to the navy commission when it makes its tour of investigation in the near future was the consensus of opinion among east bay delegations in session today at the Merchants' Exchange. Rather, it was the suggestion of many delegates, better results would follow should data be collected by separate localities, arguments as to individual sites being submitted as the decision of the commission awaited. It was agreed among all factions to act in perfect harmony.

At the meeting was a Berkeley delegation of eight, headed by Mayor Samuel C. Irving, Wally Drury, secretary of the Berkeley Chamber of Commerce, and E. F. Louldock, president of the college city commercial body. This committee originally favored the Albany site and today's meeting had been requested by San Leandro's proponents so that the south bay site might be presented to the Berkeley delegation. Senator J. C. Owens of Richmond was present in the interest of his city, telling the gathered delegates that Admiral Pond had been quoted as favoring a site near Richmond.

Harmonious arguments were advanced during the course of the meeting and it was decided that no one project should be backed, but rather the whole east bay area, including the naval base be recommended and become the object of extensive propaganda.

Owens of Richmond agreed to the move and assured the delegation of Richmond's co-operation.

An east bay committee on investigation was appointed, with Wilbur Walker as secretary. This committee will meet tonight to formulate plans for future action.

MAKE NEW FIGHT FOR OIL HOLDINGS

Fresno Heirs of Brix in Second Battle for Shares of Stock.

Spending the Honey Moon

FRESNO, Nov. 23.—For the second time in the last dozen years, H. H. Welsh, A. V. Lisenby, Harry Maxfield, Robert Kimball and the heirs of the late H. H. Brix are in court today fighting for the possession of oil lands which have made them all wealthy.

Their property was involved in the testimony in the government's billion-dollar oil land suit today. This land is said to be the best producing in the Coalinga district. Years ago it was involved in the Kimball suit, which was compromised while it was pending in the state supreme court, but since the partners took half and the Southern Pacific half of the disputed land. The men gained possession by hunting up the missing heirs of John W. Harris and buying from them for \$10,000 an ancient contract with the Southern Pacific railroad. The railroad company refused to turn over the land and the case was fought out to a compromise.

Agree to Means of Checking 8-Hour Act

NEW YORK, Nov. 28.—An agreement has been reached by the railroad and the trainmen with the federal commission appointed by President Wilson to observe the operation of the Adamson Act, regarding the commission's plan to collect the required data. It was announced here today by James M. Clark, chairman of the commission. The commission of which Major General Goethals is chairman, met trainmen brotherhood representatives today in a conference similar to the one held with the railroad presidents last week. Both sides it was announced have agreed to co-operate in the collection of reports.

Suicide Dose May Cure Long Sufferer

SAN FRANCISCO, Nov. 28.—Mrs. Frances Berry, age 15, tried to hasten the approach of death today, but instead she prolonged her life. She has been ill for months. Growing impatient over death's slow coming, she swallowed poison. At the hospital physicians said she may succumb to the poison, but that her former sufferings will be relieved.

Coroner to Probe Death of Mrs. Watters

SAN MATEO, Nov. 28.—An inquest will be held tonight into the death of Mrs. Susan Watters, 65, wife of Richard Watters, a wealthy fruit grower of Dutch Flat, Nevada county. Mrs. Watters was with her son-in-law, George S. Watters, at Burlingame. After returning from a motion picture theater last night she fainted. Efforts to revive her were unavailing and she died an hour later.

Railways Are Ordered to Return Excess Cars

WASHINGTON, Nov. 28.—Return by each railroad of all box cars on its lines in excess of the number owned by that line was ordered today by the conference committee on car efficiency of the American Railway Association. The order was issued "in the interest of the public to meet an emergency."

Native Sons Will Be Hosts at Big Ball

MARTINEZ, Nov. 28.—The great social event scheduled for Martinez this winter is the grand ball to be given by Mount Diablo Parlor No. 101, Native Sons of the Golden West, at the A. C. Moore Auditorium, on Dec. 15. The dance is for the benefit of the Native Sons' homeless orphans fund, and every ticket sold for the affair will be so much money contributed to a most worthy cause.

BRUINS IN SEATTLE WITH LOTS OF 'PEP'

Andy Smith Hopes for a Dry Field on Which to Show California Speed.

BERKELEY, Nov. 28.—California football players arrived in Seattle yesterday afternoon and tomorrow will go through practice workouts on Washington Field. Previous to departing Coach Andy Smith gave out his lineup for the opening game, which will be exactly the same as the one announced after the first Washington game, namely, Cohen, left end; Madison, left tackle; C. Bell, left guard; Russell, center; Monlux, right guard; Gandy, right tackle; Murphy, right end; and Ulrich, quarter; Sharp, left half; Brooks, right half; and Foster, fullback. Other men making the trip were W. Land, coach; Gimbel, backfield, and men and coaches, George Liversedge, Sewell, Johnson, and McCullough, lineamen.

Coach Dolan has been trying to find a man capable of filling the position but has been unable to announce another lineaman. Both teams will use practically the same formations, that were shown at the opening game, and may be able to match a victory because of superior speed.

California's squad is confident after their former victories and is expected that Washington will take the defensive with the Bruins, basing their attack on the forward pass.

The Bruins' backs will bear the brunt of the Bruin offensive and will be the pivot men in almost all of the Califor-

nia plays.

Rugby Champs to Play on Thursday

The State champion Berkley high school rugby team, which has eight places on the All-Star team, picked to play the San Francisco All-Star team at Grove street park, Thursday, in the meet between the All-American and All-British tilt.

Peteron front rank; Graff, break; Buttons, wing forward; Captain Crow, half back; McRae, full back; W. Williams, full and Le Staine, substitute back are Berkley members. All of these stars will be seen in action Thursday and it will be the last chance the prep schools will have to witness the 1916 champions.

The local high schools will be well represented at the game, all the schools are boasting of their contests and will have rooting sections on hand.

The All-American and All-British team will work out on Ewing Field, San Francisco, tomorrow.

Joe White and Hughes Rematched

Joe White and Billy Hughes, featherweights, tangle in the next main event of the Parkside club of San Francisco. Both fighters are well known, having been given a decision, though Hughes was entitled to at least a draw. The fans protested and asked that the boys be rematched. The two will meet in Oakland feather, battles with Jimmy Ford, who faces Battling Vieira in Emeryville, on Thursday afternoon, while the other bout will be held at the Parkside club on Saturday.

KM Carter vs. Cyclone Williams, Harry Pedersen vs. Frankie Farren, Joe Perrin vs. Nick Simpson, Joe Fallon vs. Dick Clinton, Simpy Dan vs. Frank Shadsgard and Lee White vs. Jack Thomas.

WINTER FODDER

San Francisco, the club that played the most errorless games in the 1916 Coast League season, and Vernon, the club that ran up the biggest string of errorless games during the year, shared honors in making the greatest total of errors for any one game. Eight errors in one game was the prize winner in the ragged fielding class of the year. San Francisco perpetrated it once on July 11 and lost to Salt Lake, 7 to 8; and Vernon booted eight chances on August 2 and lost to Los Angeles, 3 to 6.

Los Angeles and Oakland each had seven errorless games. Six errors to no errors was the worst the season records charge up to Portland and Salt Lake. But of all these occasions of ragged fielding, Los Angeles with seven errors on June 9 furnished the only time when bad fielding did not prevent a victory, the Angels booting the ball seven times and still winning from Salt Lake 4 to 3.

The champion Angels went the longest time between errorless games, and the other clubs, running 10 years from August 12 to 29, rolling up 16 games with at least one error to a game for a total of 36 errors. But, despite this bad showing they broke even in winning games, winning nine and losing nine. Vernon went 17 games between errorless games, for a total of 26 errors, winning eight games and losing nine. Portland and Salt Lake each had a stretch of 15 games between clean slate days; the ten games was the longest streak. Oakland won without an errorless game, while San Francisco sprinkled its errorless games often enough so that ten games was the longest that the Seals ever went without being credited with a perfect fielding day.

(To be continued tomorrow.)
(Copyright, 1916, by J. Keeley.)

L. A. A. C. Eleven Will Play Here Saturday

American football followers around the bay are keyed up for the gridiron tilt Saturday between the Los Angeles Athletic club team and the Olympic club team. The latter was without a coach to decide the club championship on the coast. The game will be played on California Field at 2:30.

Counting two Mondays when games were played, there were 182 playing days in the 1916 season. The A. A. C. Oakland spent 143 days in the cellar and was in first place seven days. The fifth place Portland club spent twenty-three days in the cellar and three in first place; the fourth place San Francisco club was on top for seven days and in the cellar one day; the third place Salt Lake club was on top four days, in third place twenty-one days, and spent nine days in the cellar out of the 167 days that Salt Lake was rated as a second division outfit.

The second place Vernon club was in the cellar one day, and only spent six other days in the second division; for sixty days Vernon was in first place and for 25 days in second place. The league champion Angels were in first place 113 days; in second place 49 days, and only dropped low as low as third place for twenty days.

The following table shows total playing days that each club finished in each position in the pennant ranking:

	1st	2d	3d	4th	5th	6th
Los Angeles	113	49	29	0	0	0
Vernon	60	95	29	4	0	0
Salt Lake	4	0	21	68	15	0
San Fran.	7	20	103	41	10	1
Portland	3	0	20	68	62	23
Oakland	7	13	1	4	14	143

Joe Tinker Is Rescued From Drowning

PEORIA, Ill., Nov. 28.—Joe Tinker, manager of the Chicago National League baseball team, narrowly escaped death by drowning today when his boat struck a sunken stump and capsized in the Illinois river.

A fisherman pulled Tinker out of the water after he had gone down the second time. Aside from being chilled through from the icy water, it is believed Tinker will suffer no ill effects.

The WHISPERING BALL DARES DALY'S MOST EXTRA- ORDINARY STORY

Suddenly she recovered control of her nerves and started to her feet. "I am Mrs. Burleson, Helen's aunt," she said. "She told me she was expecting a tall player to call—that you had come for him. I suppose you are the one?"

Gordon nodded.

"Two hours ago she had another caller," said Mrs. Burleson, now fully recovered and talking rapidly; "a relative. After he left she was nervous and excited. She kept watching the clock, and half a dozen times she came into the room where I was reading the papers and locked down the walk. She repented—she said she hoped you would come early. I saw the look in her eyes, and who said she could not tell me—that you would understand and know how to help her. I advised her to call her father on the telephone, but who said her father could not help, and that he must not know. Her actions were so unusual for her, and I could see she needed help, and I called her sharply, told her down and quit worrying me. She went to her room and was there about ten minutes. Then she came back into my room and said: 'Auntie, if anything happens to me before the gentleman I am expecting arrives, give him the note on my writing table.'

"The note?" said Gordon eagerly. "Let us get the note."

"It is nothing," said Mrs. Burleson. "She went back to her room. I heard her bark up her toast and tea less than half an hour ago. I was reading and thought she was in her room until you rang. When I went to call her the room was empty and she was gone."

"The note?" said Gordon eagerly.

"Let us get the note."

"She had written it on the back of an envelope and pushed it aside when I placed the tray on the writing table. It was there when I removed the tray."

"Was she dressed for the street?"

"No, she had me hook her up and smooth her hair."

"What time was that?" asked Gordon. "Not more than twenty minutes before you rang the bell. She said she was expecting a young man, but not to keep him waiting."

"When did you last see her?"

"Just before you rang the bell."

The startling statement brought exclamations of surprise from the aunt. "Who was looking out the window?"

"Annie, the maid, the new girl."

"She was in the window of the street, and called me and said: 'The young man will be here in a moment.'

"She had finished writing and folded the note when I served the tea," said the maid.

"Where did she put it?"

"She folded it into the envelope and pushed it aside when I placed the tray on the writing table."

"Was she dressed for the street?"

"No, she had me hook her up and smooth her hair."

Note—in the above tabulations of the tides each tide above or below the level of low water is given in the order of their occurrence in the month. The succeeding column and the succeeding tides as they occur. On some days but three tides occur, the fourth occurring, the following morning.

The columns of heights give the elevation of each tide above or below the level of low water. The numbers are always additive to the chart depth unless preceded by a minus sign, or dash (-), when the numbers are subtracted from the depth given on the chart.

OAKLAND MEN TO AID CHURCH PLAN

Local Pastors Invited to Attend Big Conference to Discuss Work.

Invitations to participate in a national Christian citizenship celebration on December 3 have been sent by the National Reform Association from its Pittsburgh headquarters, to Rev. A. G. Mills and Rev. William C. Spencer of Oakland.

This celebration will mark the opening of the fifty-third annual convention of the National Reform Association in Pittsburgh, and the first step looking to a third world Christian citizenship conference to be held immediately following the close of the European war.

The first world's Christian citizenship conference, held in Philadelphia in 1910, was the first affair of the kind in the world's history. The second, held in Portland, Ore., in 1913, was the largest affair of the kind in the history of Christianity, and the third will mark a new and greater epoch in the work.

In every great American city, in the towns and villages of the nation, clergymen will, on December 3, assemble the Christian citizens of their communities to participate in special services with direct bearing upon the thought that Christianity must be made practical by aggressive modernized methods.

The central services, about which the national conference will be built, will be held in Pittsburgh, beginning December 3, and some of the most eminent speakers in America will be heard, including the Hon. Frank J. Cannon, Denver, Colo.; Mrs. Lulu Loveland Shepard, Salt Lake

'Hap' Meyers Is Facing Death Ex-Coast Leaguer Bandit, Is Accusation

LOS ANGELES, Nov. 28.—That Ralph Ed. Myers, known as "Hap," the former Coast League ball player; Joe Fisher and Shelly Tracy, the men arrested here yesterday on telegraphic instructions from El Paso, committed a hold-up there and robbed a man of a diamond ring valued at \$2100, was the charge preferred by El Paso authorities in a telegram received here today.

The three prisoners deny that they are guilty. Officers left El Paso today to get the prisoners. The crime of highway robbery is punishable by death in Texas.

BODY IDENTIFIED.
SAN FRANCISCO, Nov. 28.—Joseph Albert, 70-year-old mechanic, 70 years of age, has been identified as the man who yesterday fell through the Santa Fe trestle at Mariposa and Pennsylvania streets when he was caught "crossing" by a freight train. He lived in the Potrero district. His body is at the morgue.

The question of Gordon's retirement before January 1, may also determine whether Governor Johnson will resign on that date or hold over until the filling of vacancies that will arise. Otherwise the fate of these vacancies may be left to Lieutenant-Governor Stephens when he steps into the executive chair.

AL MCABE MAY TAKE GORDON'S JOB

Governor Johnson to Assure Secretary of Good Position.

Prophesies are being made as to what appointments Governor Johnson, United States Senator-elect, will make before he retires from the gubernatorial chair the first of the year. It is predicted that Al McCabe, his private secretary and advisor since 1910, is slated for a seat on the Railroad Commission at a salary of \$6000. His present salary is \$5000. If McCabe goes on the commission it is said he would take the place of Commissioner Alex Gordon, who has held office since January 4, 1914. He has also been mentioned as possible appointee as insurance commissioner. At any rate it is conceded that he will be taken care of by the Governor before his retirement.

The question of Gordon's retirement before January 1, may also determine whether Governor Johnson will resign on that date or hold over until the filling of vacancies that will arise. Otherwise the fate of these vacancies may be left to Lieutenant-Governor Stephens when he steps into the executive chair.

LAUGHTER MAKES DIETERS GROW FAT

Chicago Squad Gains Weight Testing 40-Cent-a-Day Menus.

CHICAGO, Nov. 28.—Whether laughter and good health at the dining tables of the Chicago diet squad is responsible in any measure for the increasing weight of its members is the problem being studied today by the sponsors for the test, which purposes to prove it is possible to live well on 40 cents a day.

The twelve dieters—six men and six women—today were thirty and one-fourth pounds heavier than when they started. The greatest gainer was William Merker, who acquired four and three-quarters pounds during the week.

Mrs. Lessie Pettit, the only member of the squad to lose weight, tipped the scales at 151½ pounds, a loss of three-quarters of a pound.

Dr. John Dill Robertson, city health commissioner, said today he believed the test thus far has been a success, and added, the one definite lesson for housewives is that "they should go to market and bring their purchases home with them."

Committee representing both houses of the City Council has been appointed to make an exhaustive investigation into high prices of food-stuffs and the coal shortage.

"The Greater" QUIT BUSINESS

Tomorrow we shall make a special drive on Coats and Dresses, with a view to closing out our entire stock as quick as possible.

If you have in mind to buy a Coat or Dress, don't miss this opportunity. In a sale like this, the time to shop is now.
